

Yahoo!

A character with spiky hair, wearing a long, light-colored robe with a dark sash, stands in a room. They are celebrating, with their arms raised. The floor is covered with various items: a bottle, a bowl with a star, a small pot, and some papers. There are also some plants in the background.

I knew it,
that must
be a new
record!

A character with long hair, wearing a long, light-colored robe, stands in a room. They are looking down at their feet with a distressed expression. The floor is covered with various items: a bottle, a bowl with a star, a small pot, and some papers. There are also some plants in the background.

Aaah, my
shoes are
ruined!

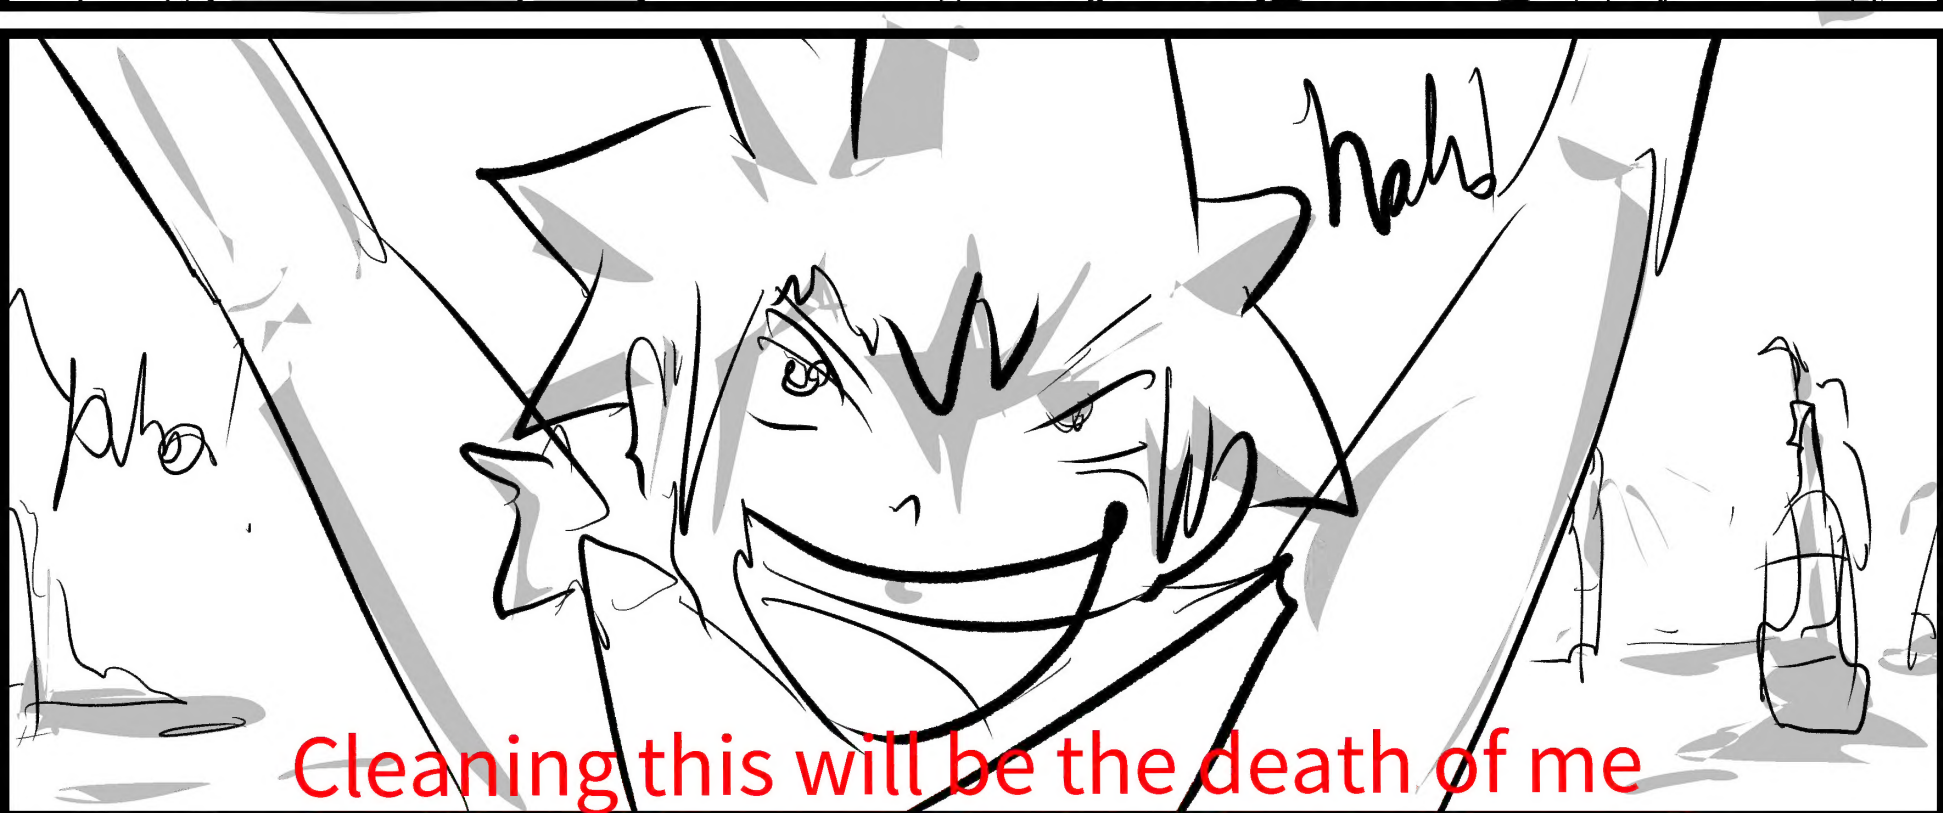

The floor is
more sticky
than Elucyd

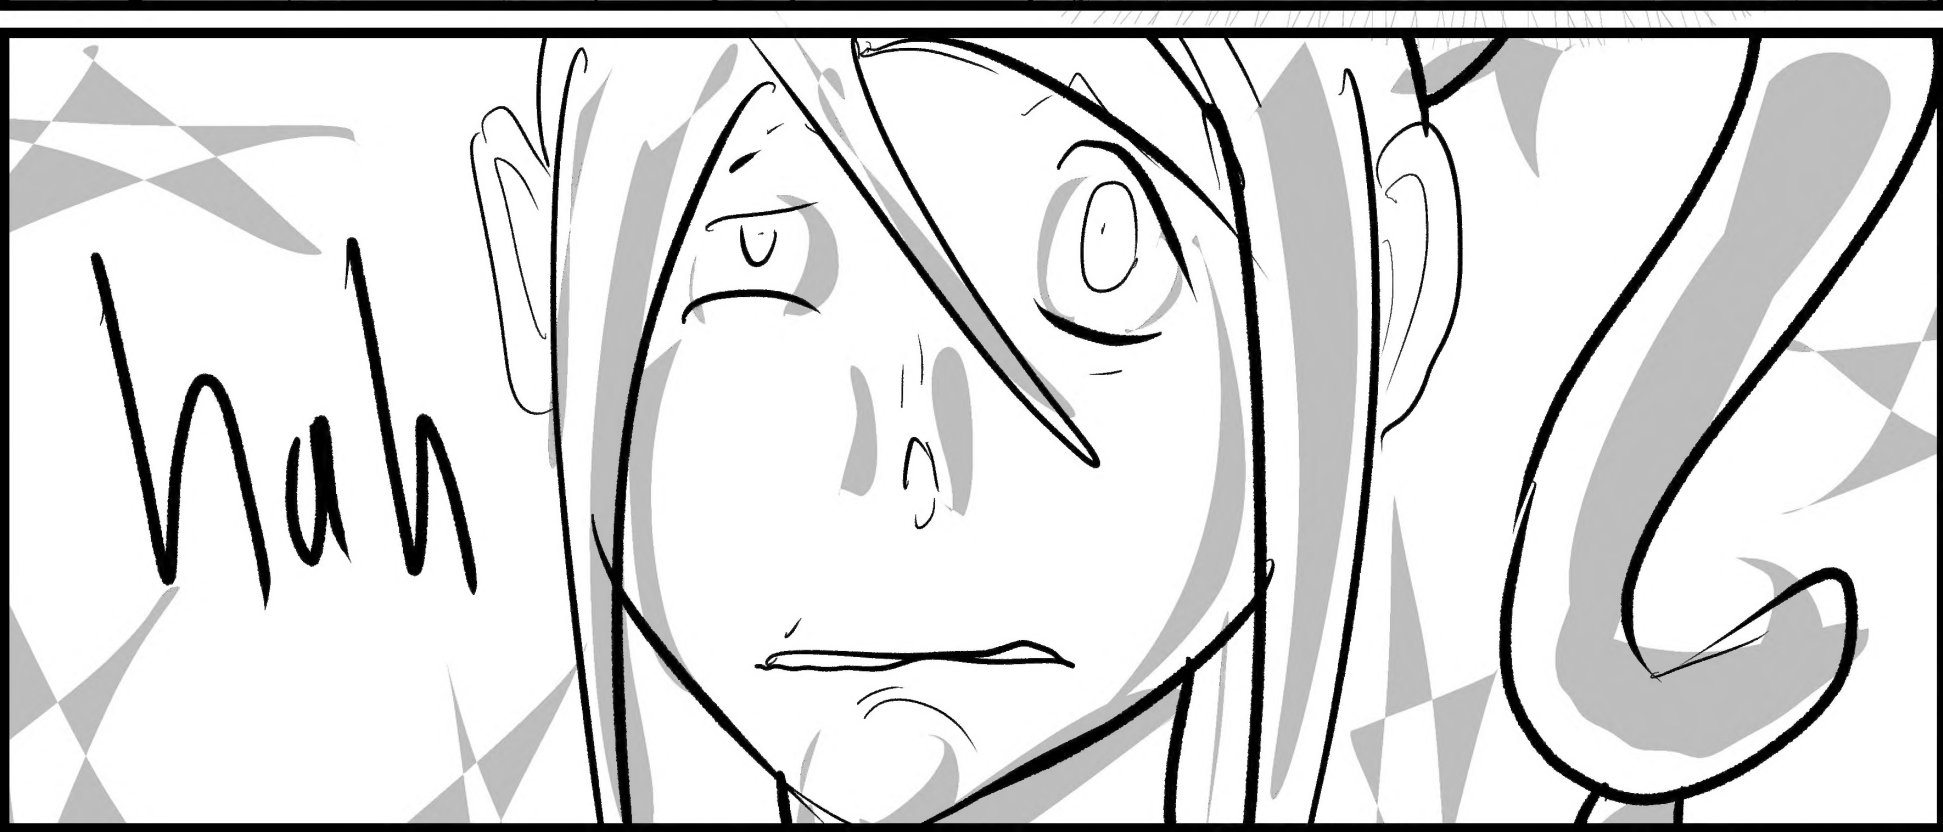

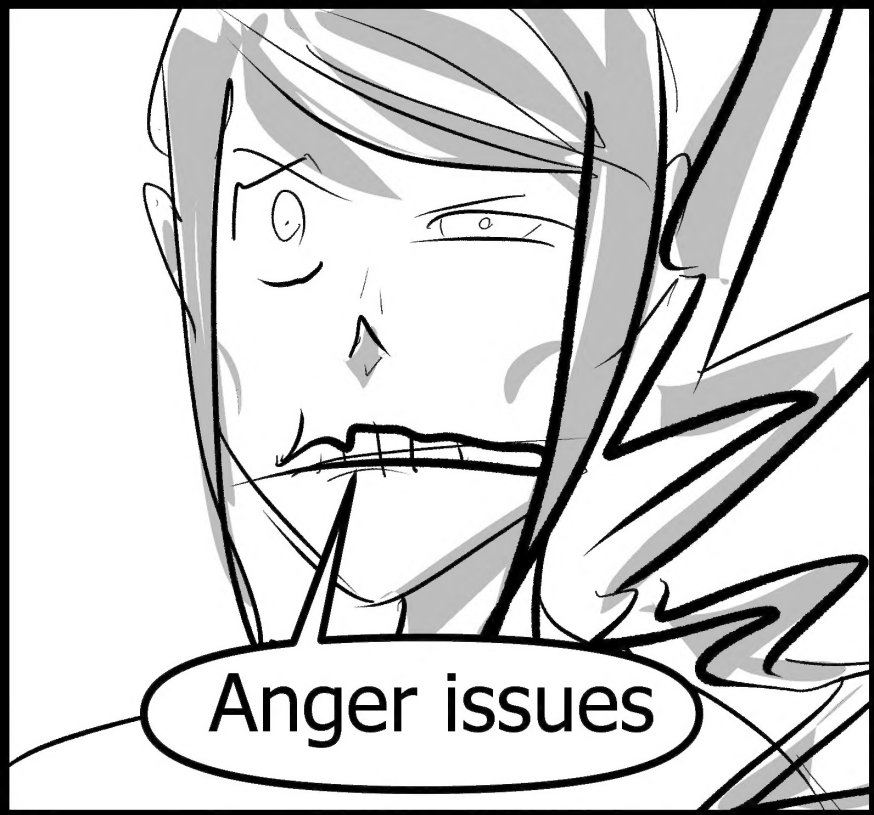

A character with spiky hair, wearing a long, light-colored robe, stands in a room. They are looking down at their feet with a distressed expression. The floor is covered with various items: a bottle, a bowl with a star, a small pot, and some papers. There are also some plants in the background.

Black*Star,
what
happened!?

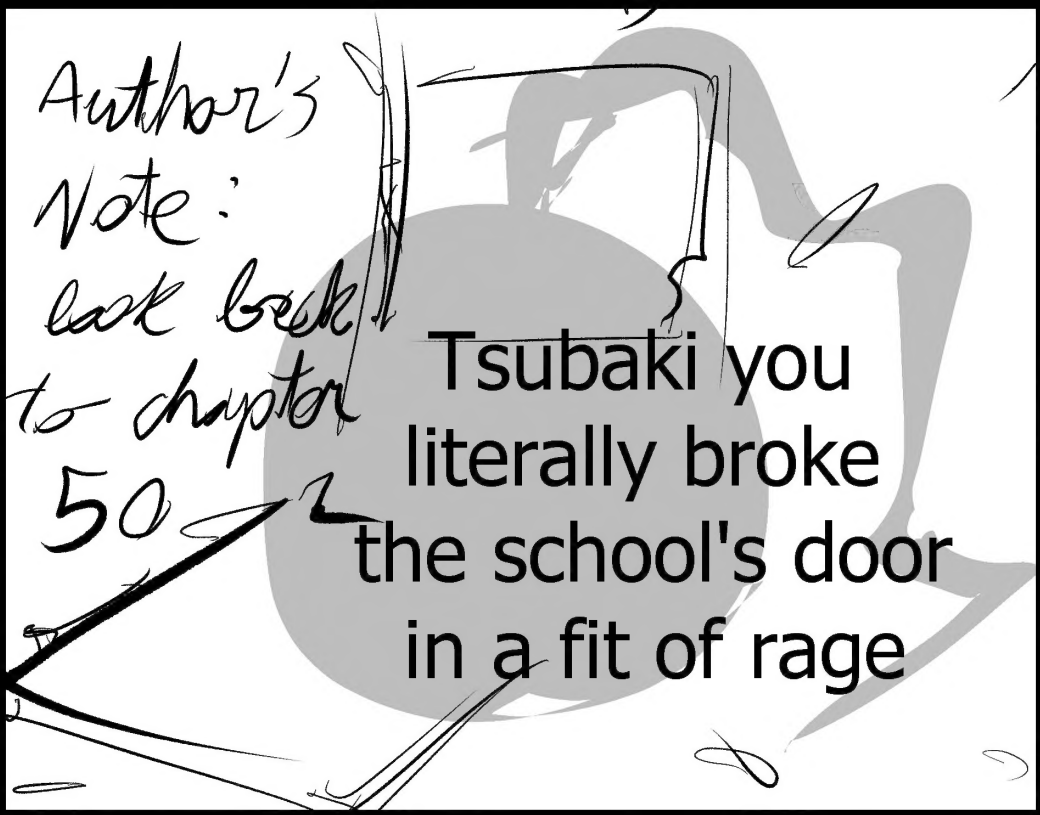

Oh you just
missed the
show, it was
great just like
everythig I do,
so don't worry,
more to come!

Anger issues

Author's
Note:
look back
to chapter
50

Tsubaki you
literally broke
the school's door
in a fit of rage

Black*Star literally
flooded the school
with soda and ancient
viral trends!

"Whataboutism",
we are speaking
about you not him

Besides,

BlackStar is a
loveable rascal,
who's hijinx only
deserve a good slap
to the head once
in a while

Yeah Tsubaki,
this is stupid but
don't be a snitch

Note:
also from
the last
chapter ...

Like I didn't tell
them about all the
stuff throwing

Throwing
sharp
objects...

It is worse
than I
thought...

You
idiot!

All so
twisted

You are
really doing
this?

All of you...
Your opinion
of me...

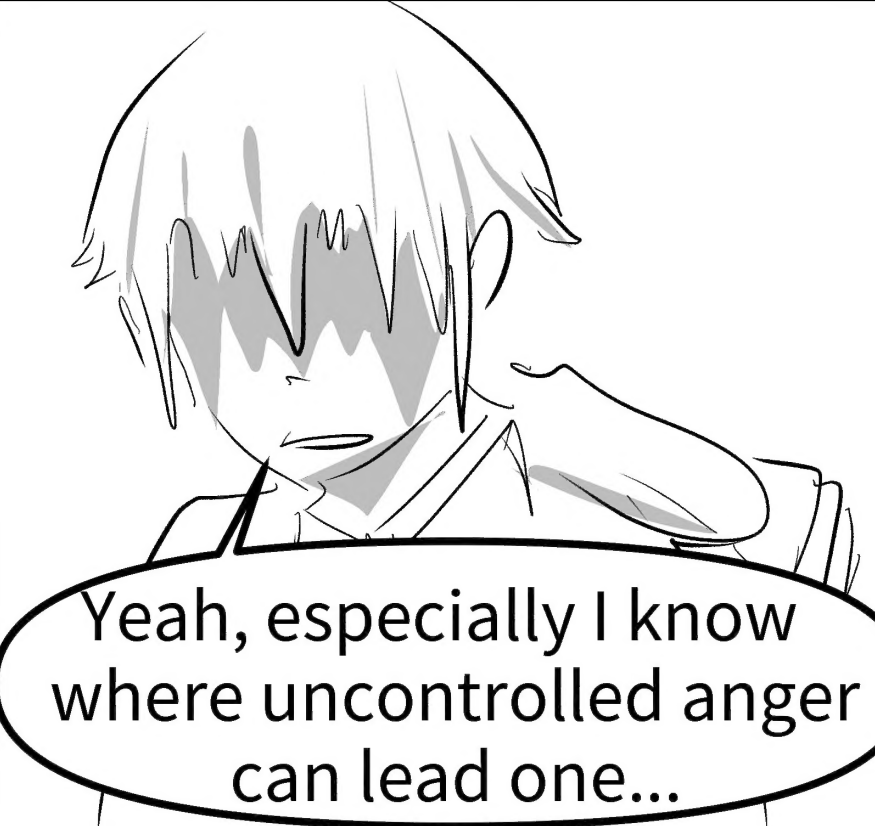

No! Look Tsubaki

I was literally dragged into this

So what about you?

Um... Tsubaki, we all saw that you were not feeling ok recently, we are just worried...

Yeah, especially I know where uncontrolled anger can lead one...

Yeah Tsubaki, we just wanna help you

Oh, NOW everyone wants to help

Tsubaki, calm down, no need to get-

CALM, that's the best, right?

Yes, nobody wanted to "help" me
when I was a quiet little doormat

You just want to
straighten out what
feels like barbed
wire

TSUBAKI
And walk over
this "welcome mat"
again

But you know what:

Politely,
commit
harikiri

I'll even
do you the
courtesy of
leaving my
own flat

Hey Tsubaki don't
go, or my big appetite
will eat up all the snacks
by my self, yahoo!

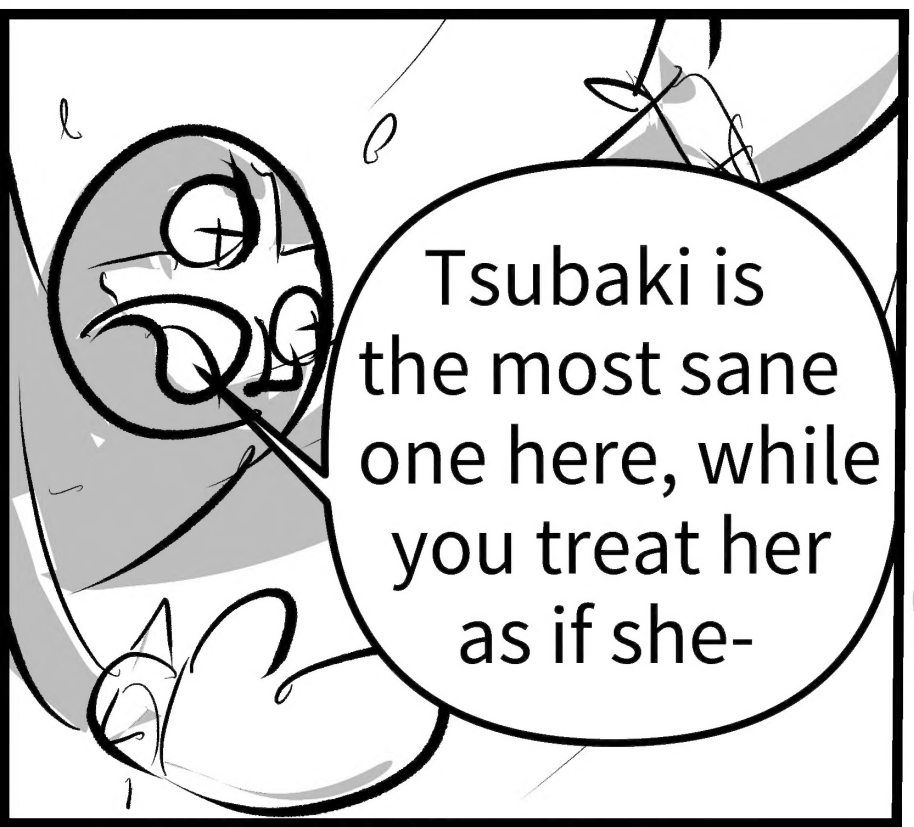

Maybe Soul
was smart for
staying out of
this

I knew this
wouldn't go
well

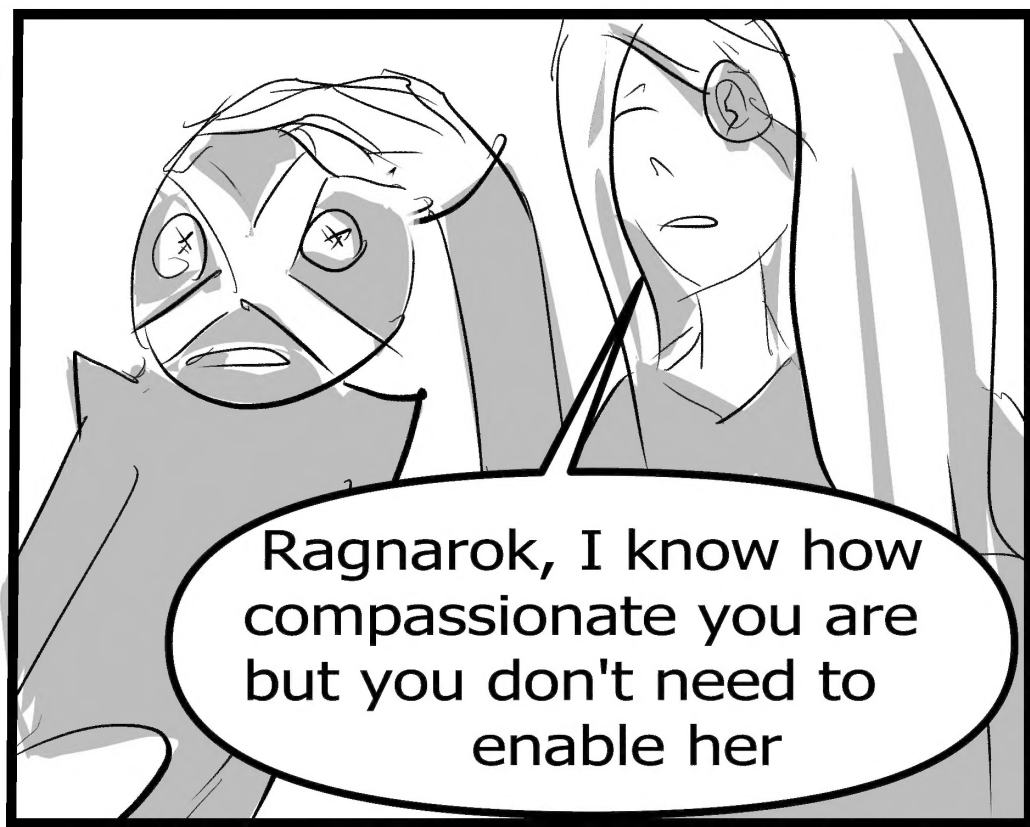

hmmm...

You
double
idiot

What an awful
thing to say, she
really is a
delinquent

Tsubaki is
the most sane
one here, while
you treat her
as if she-

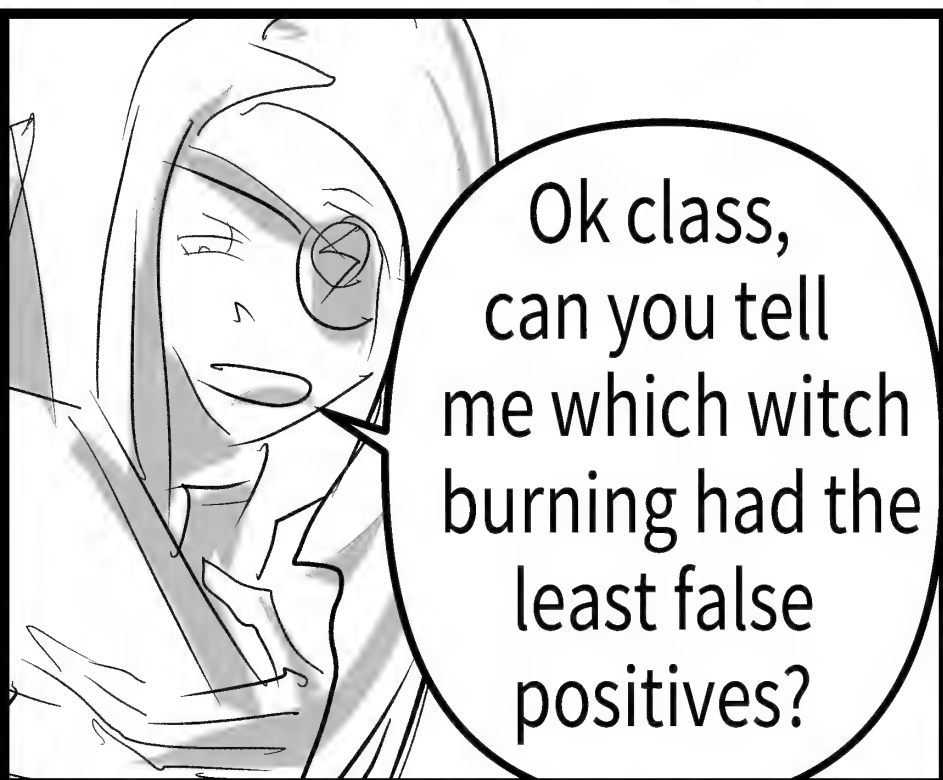

Ragnarok, I know how
compassionate you are
but you don't need to
enable her

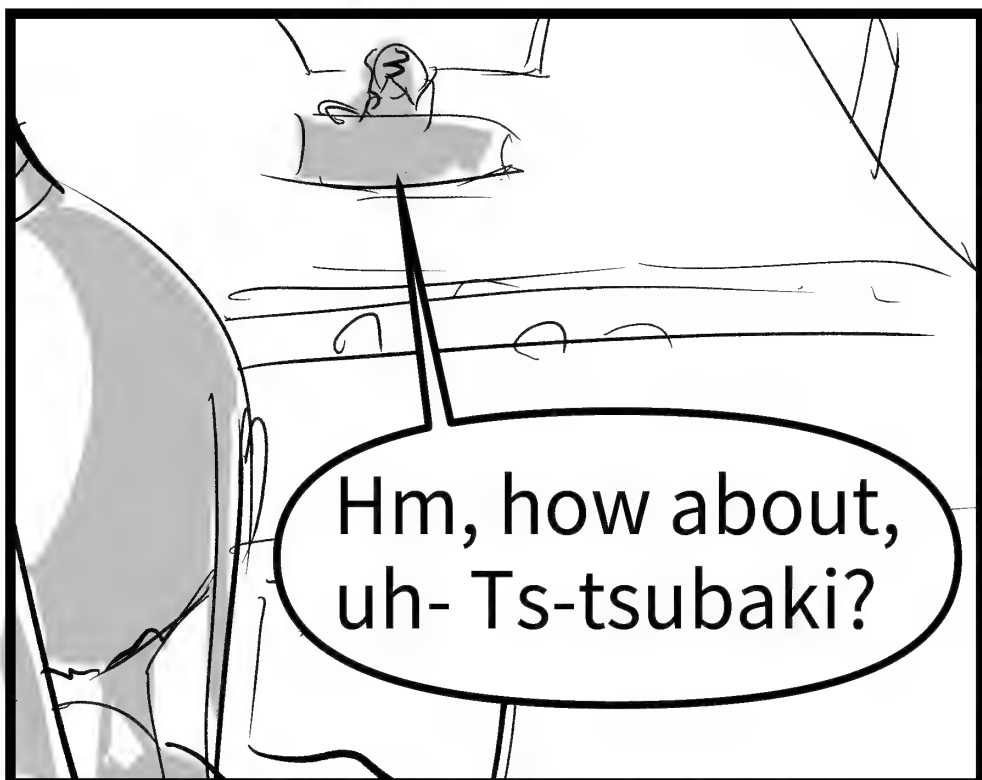

the nex day, at school...

Ok class,
can you tell
me which witch
burning had the
least false
positives?

Hm, how about,
uh- Ts-tsubaki?

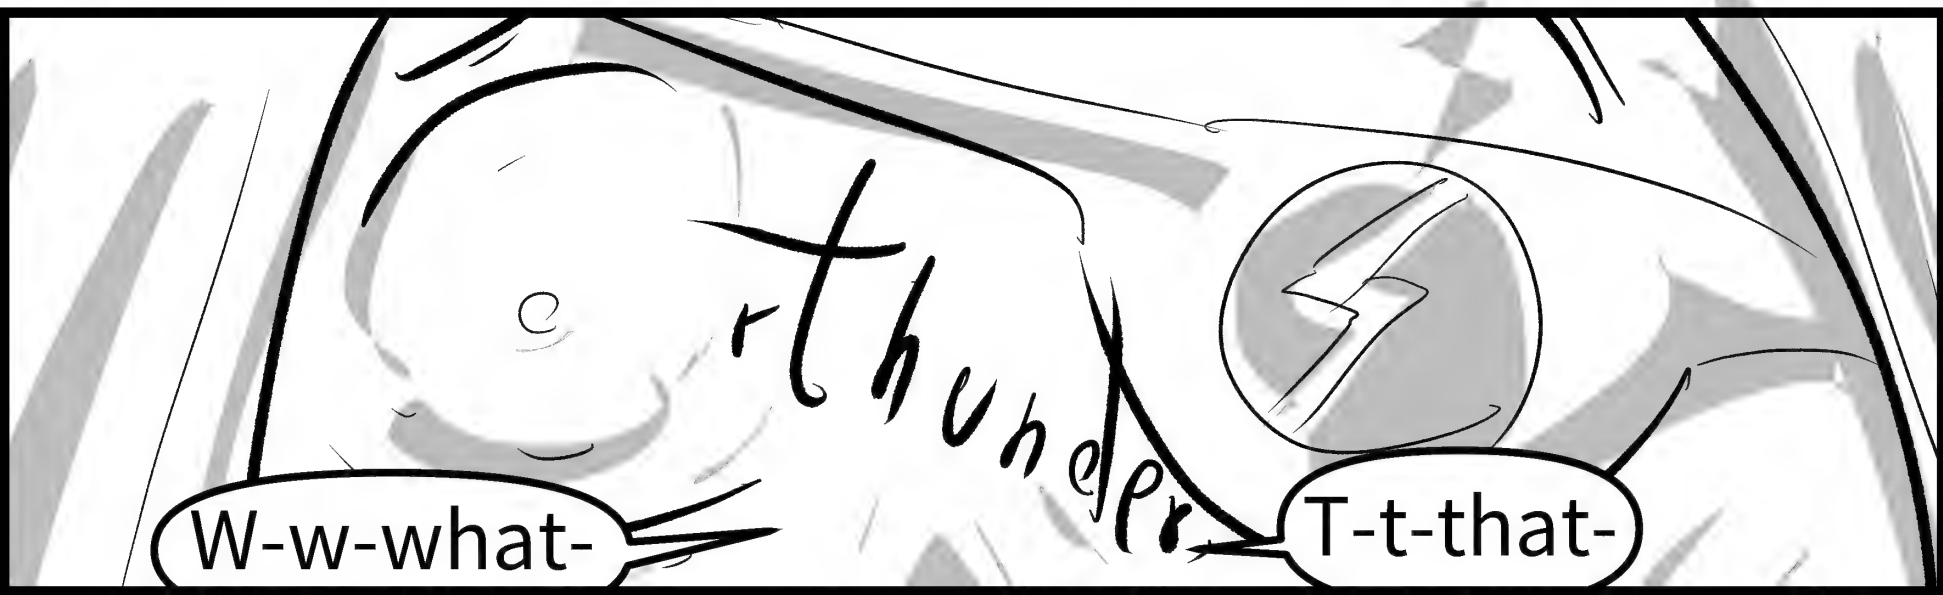

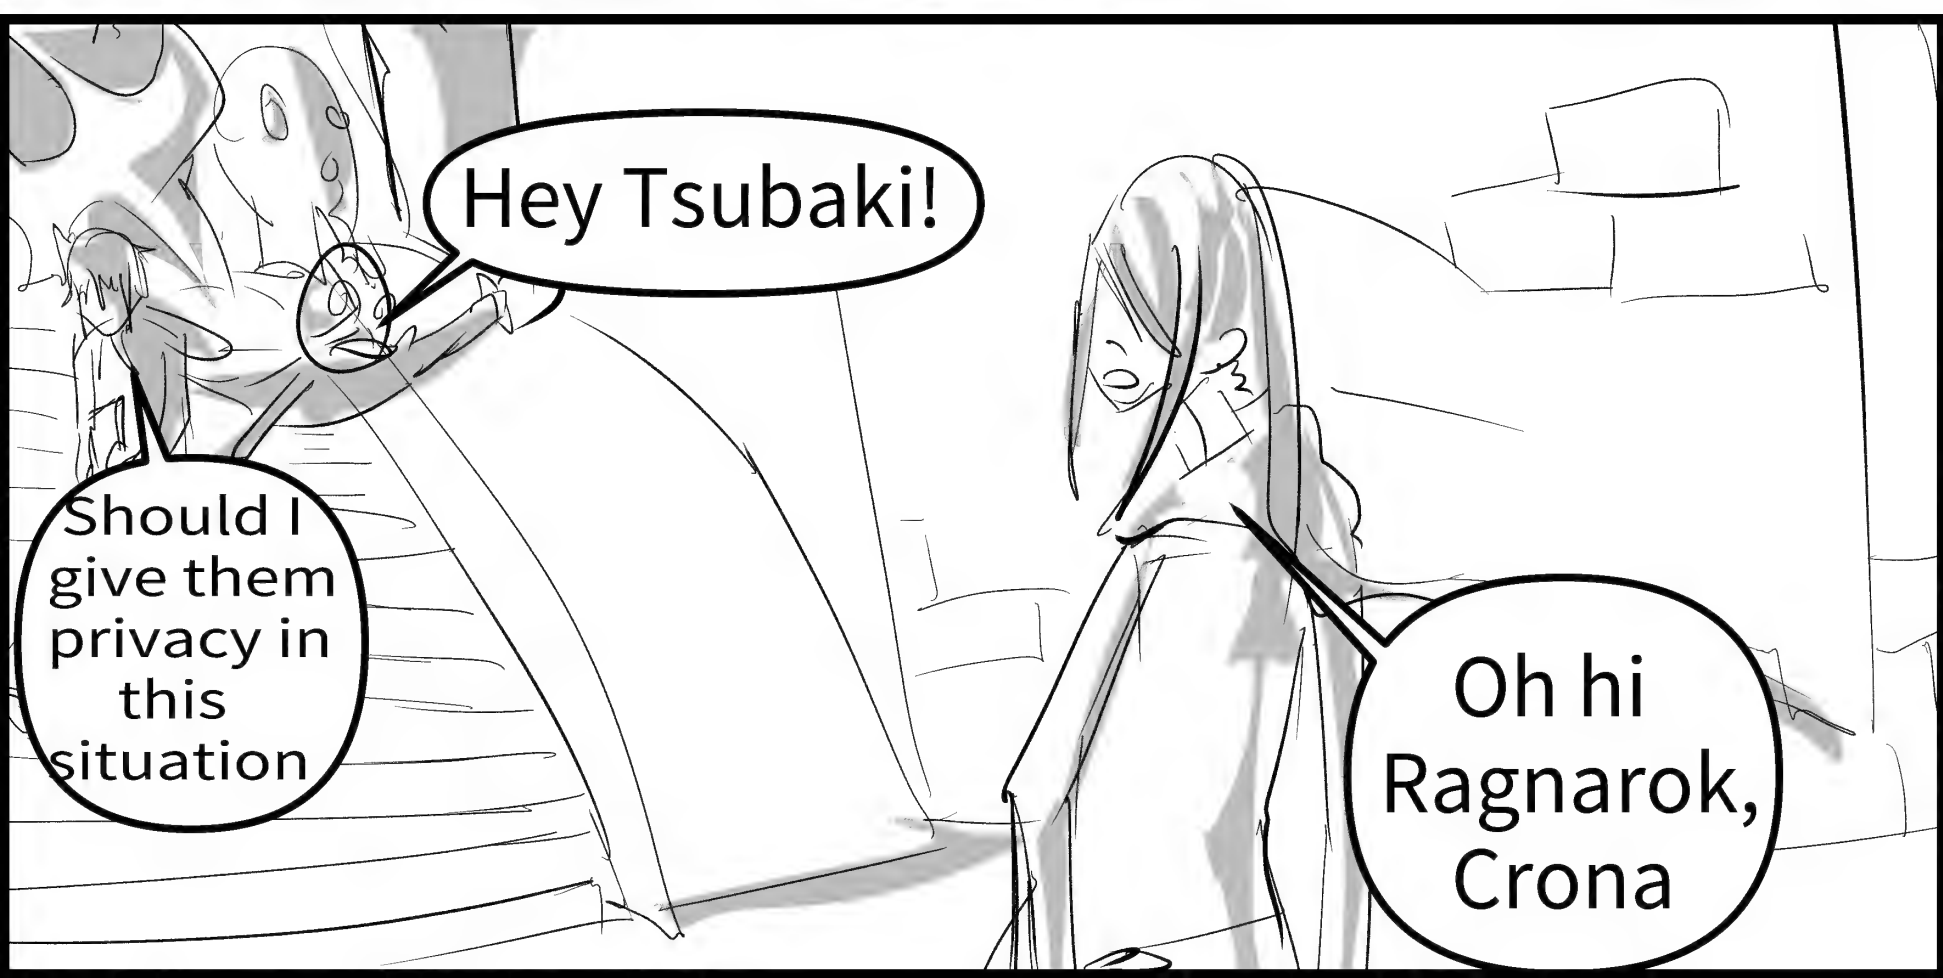

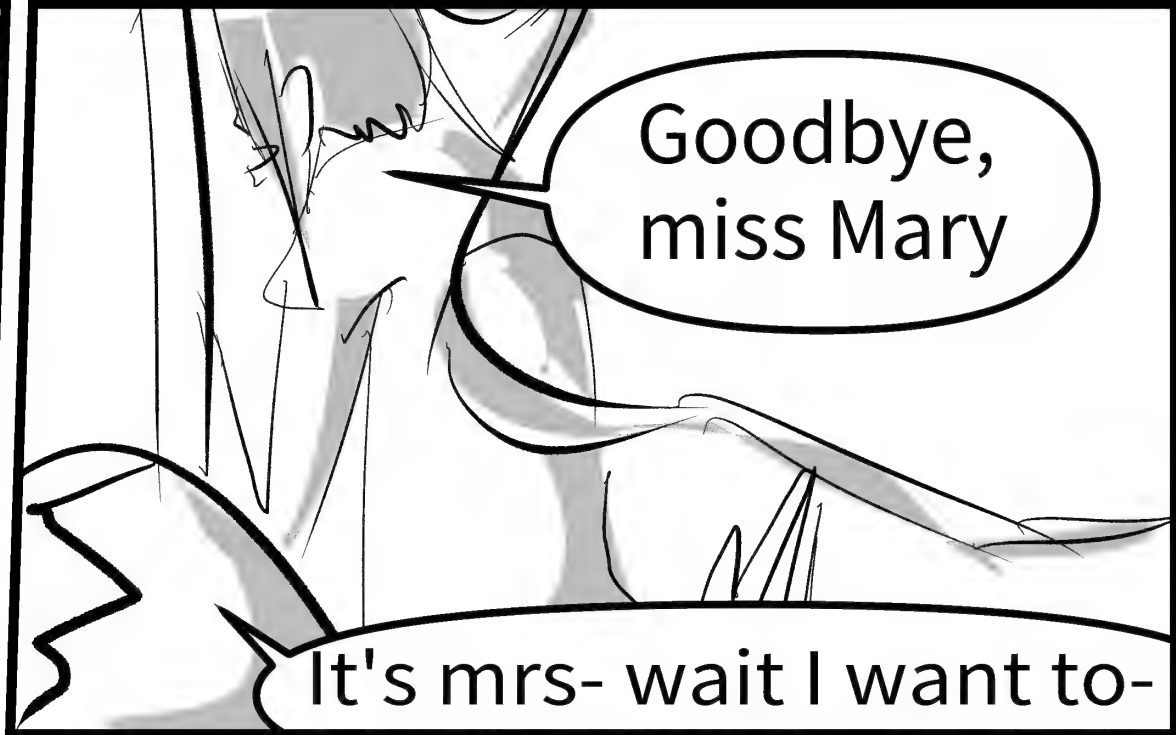

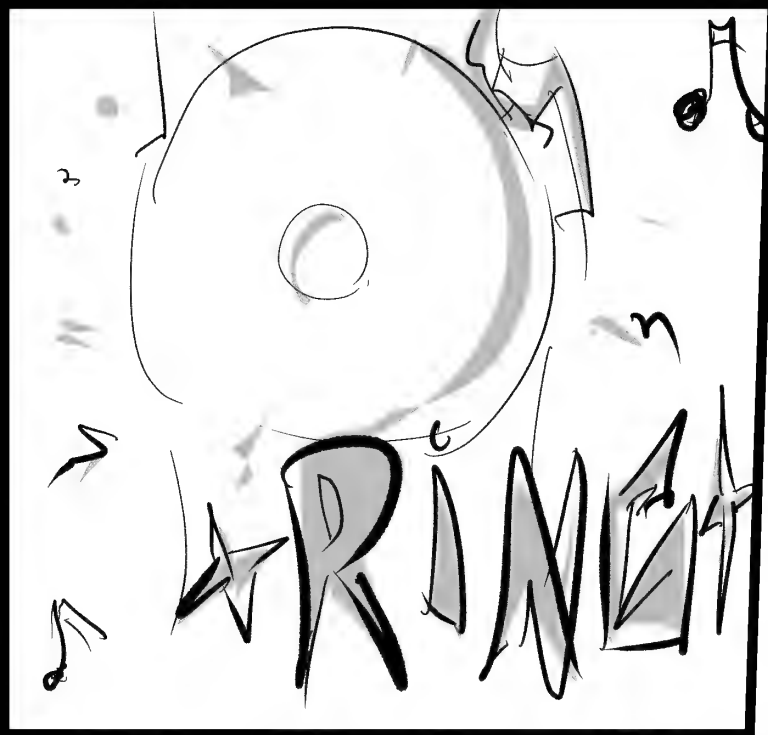

NO

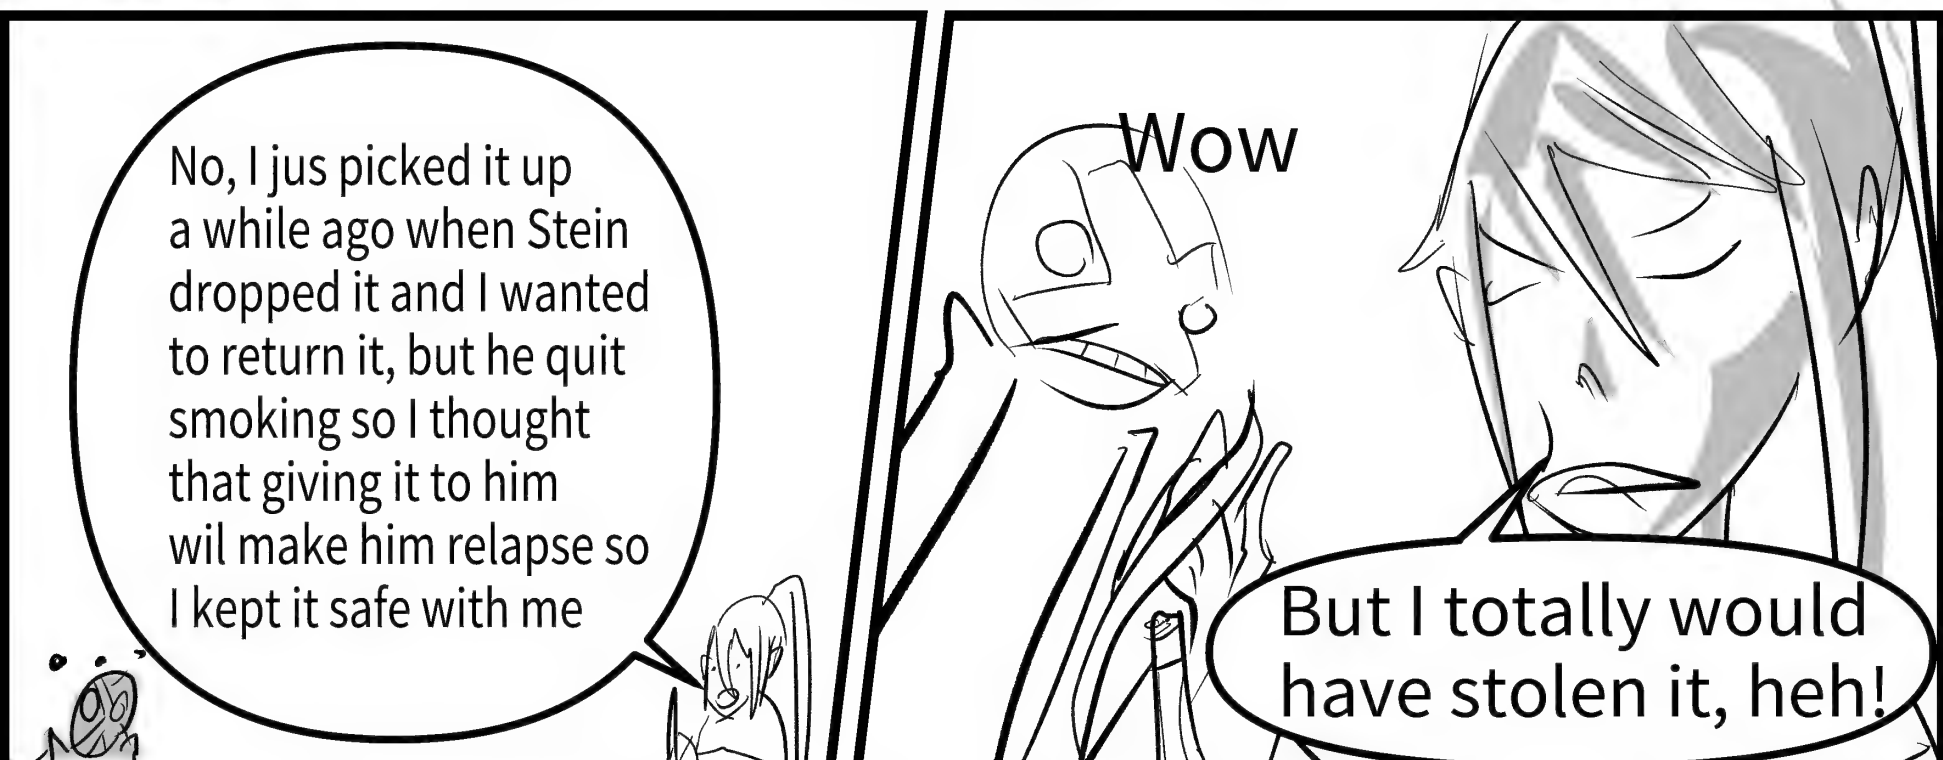

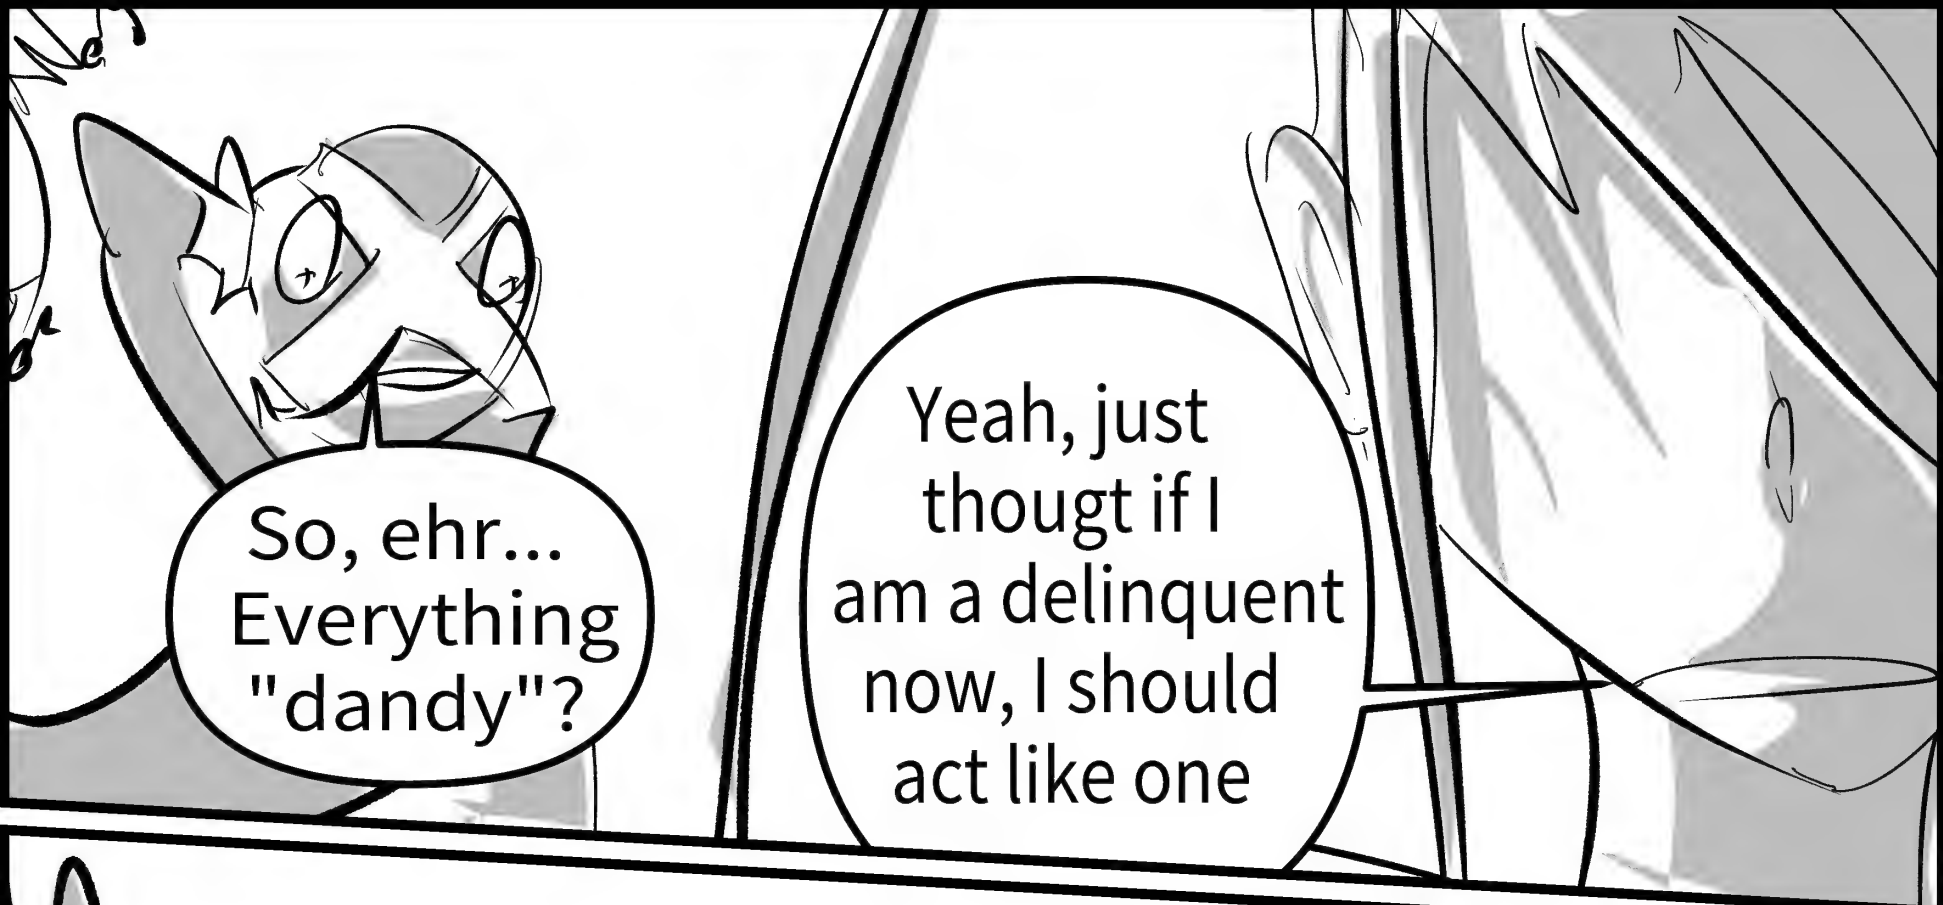

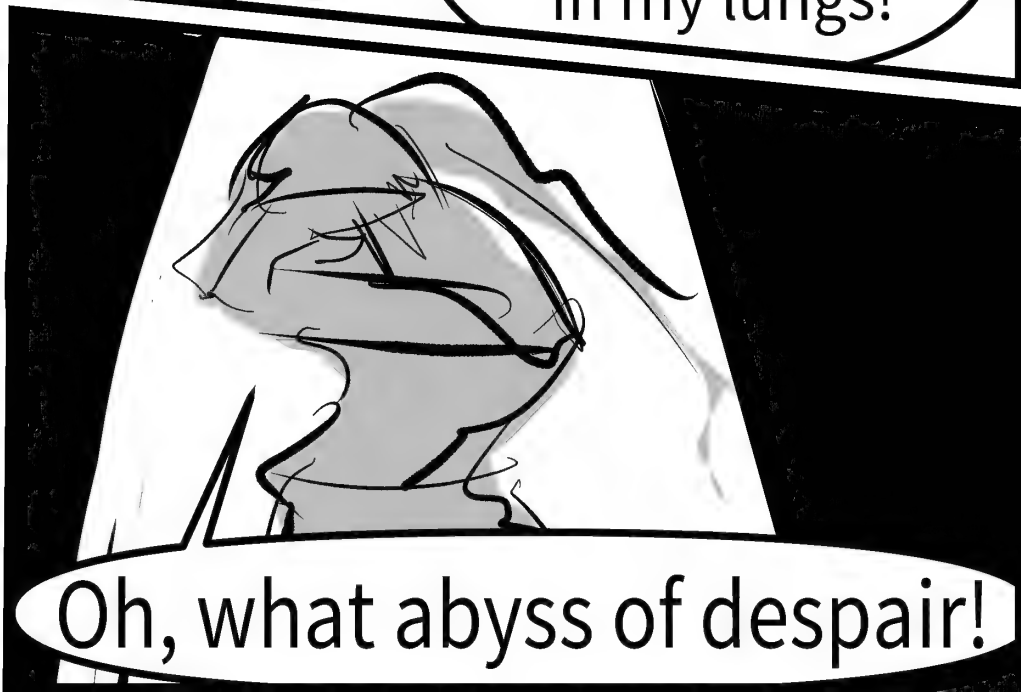

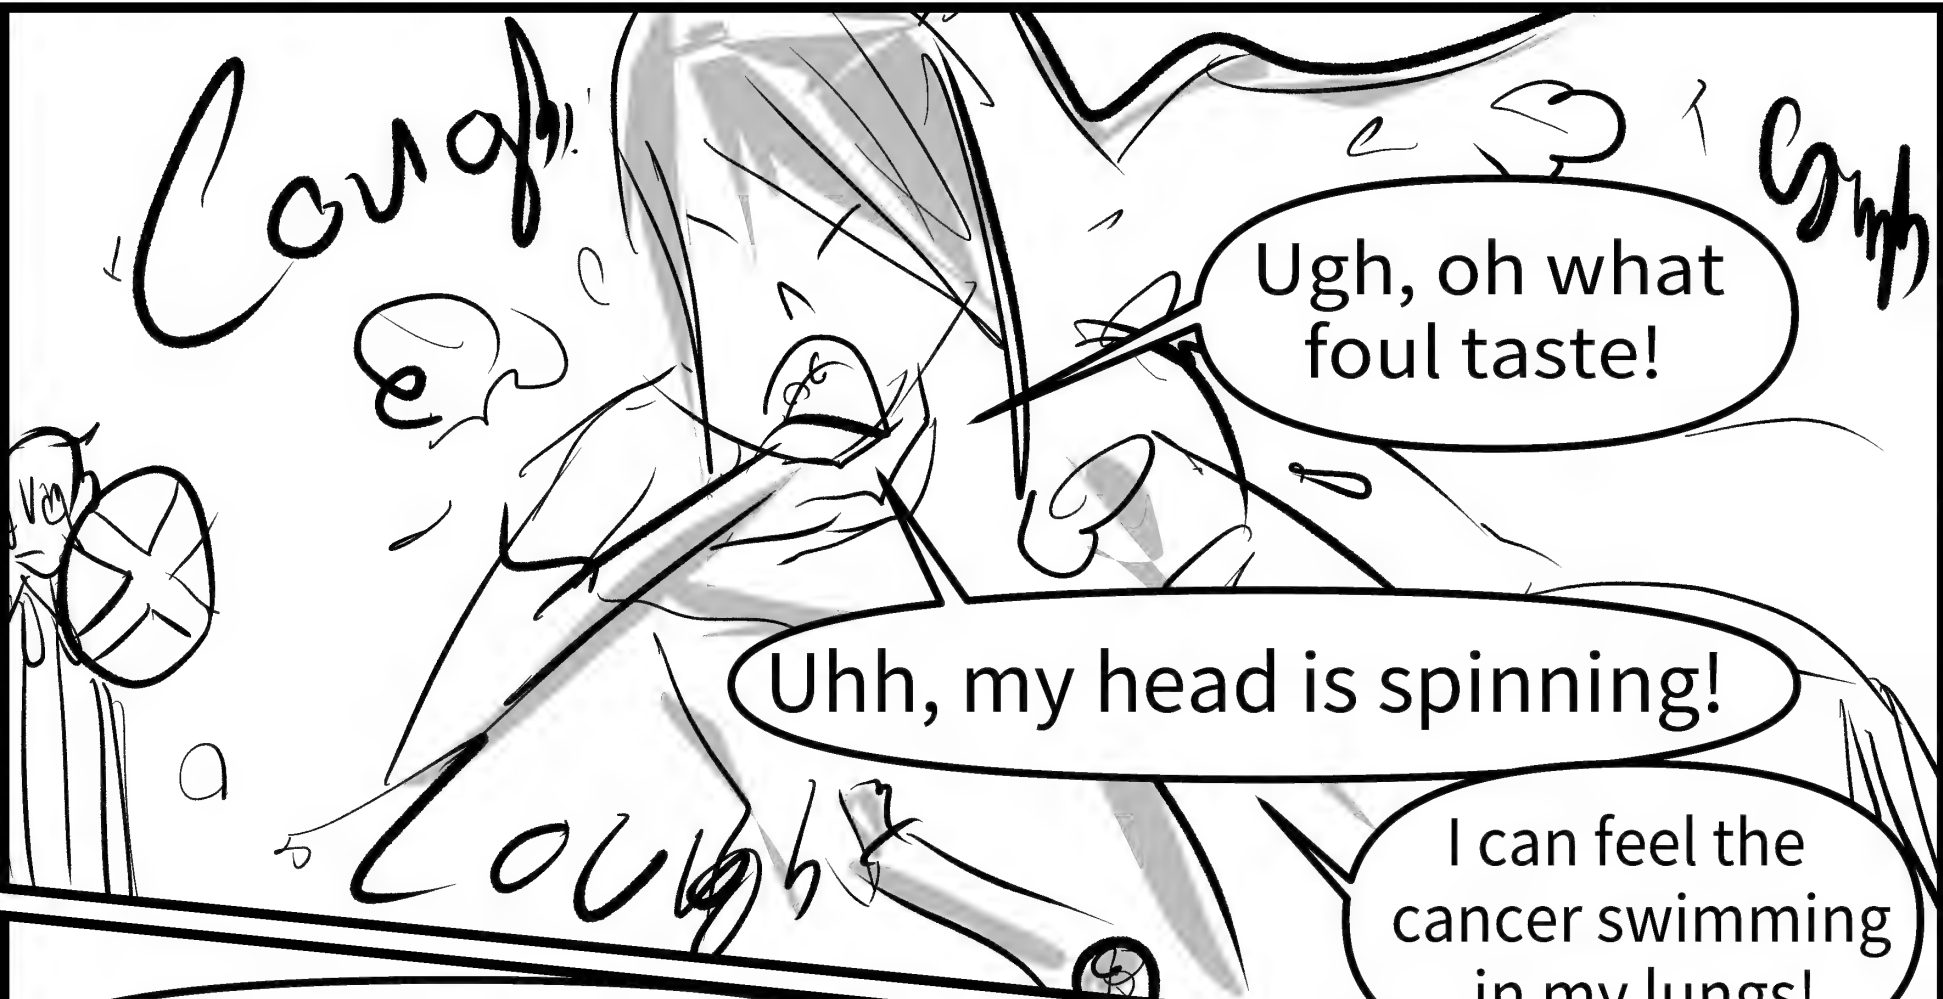

W-w-what-

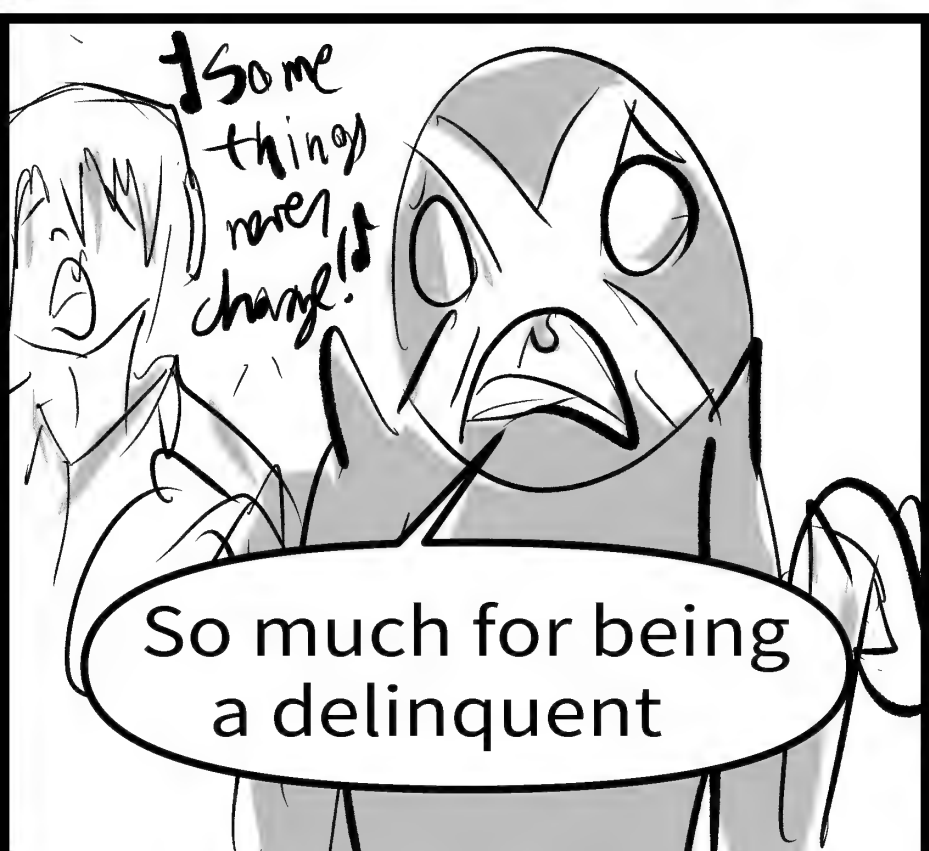

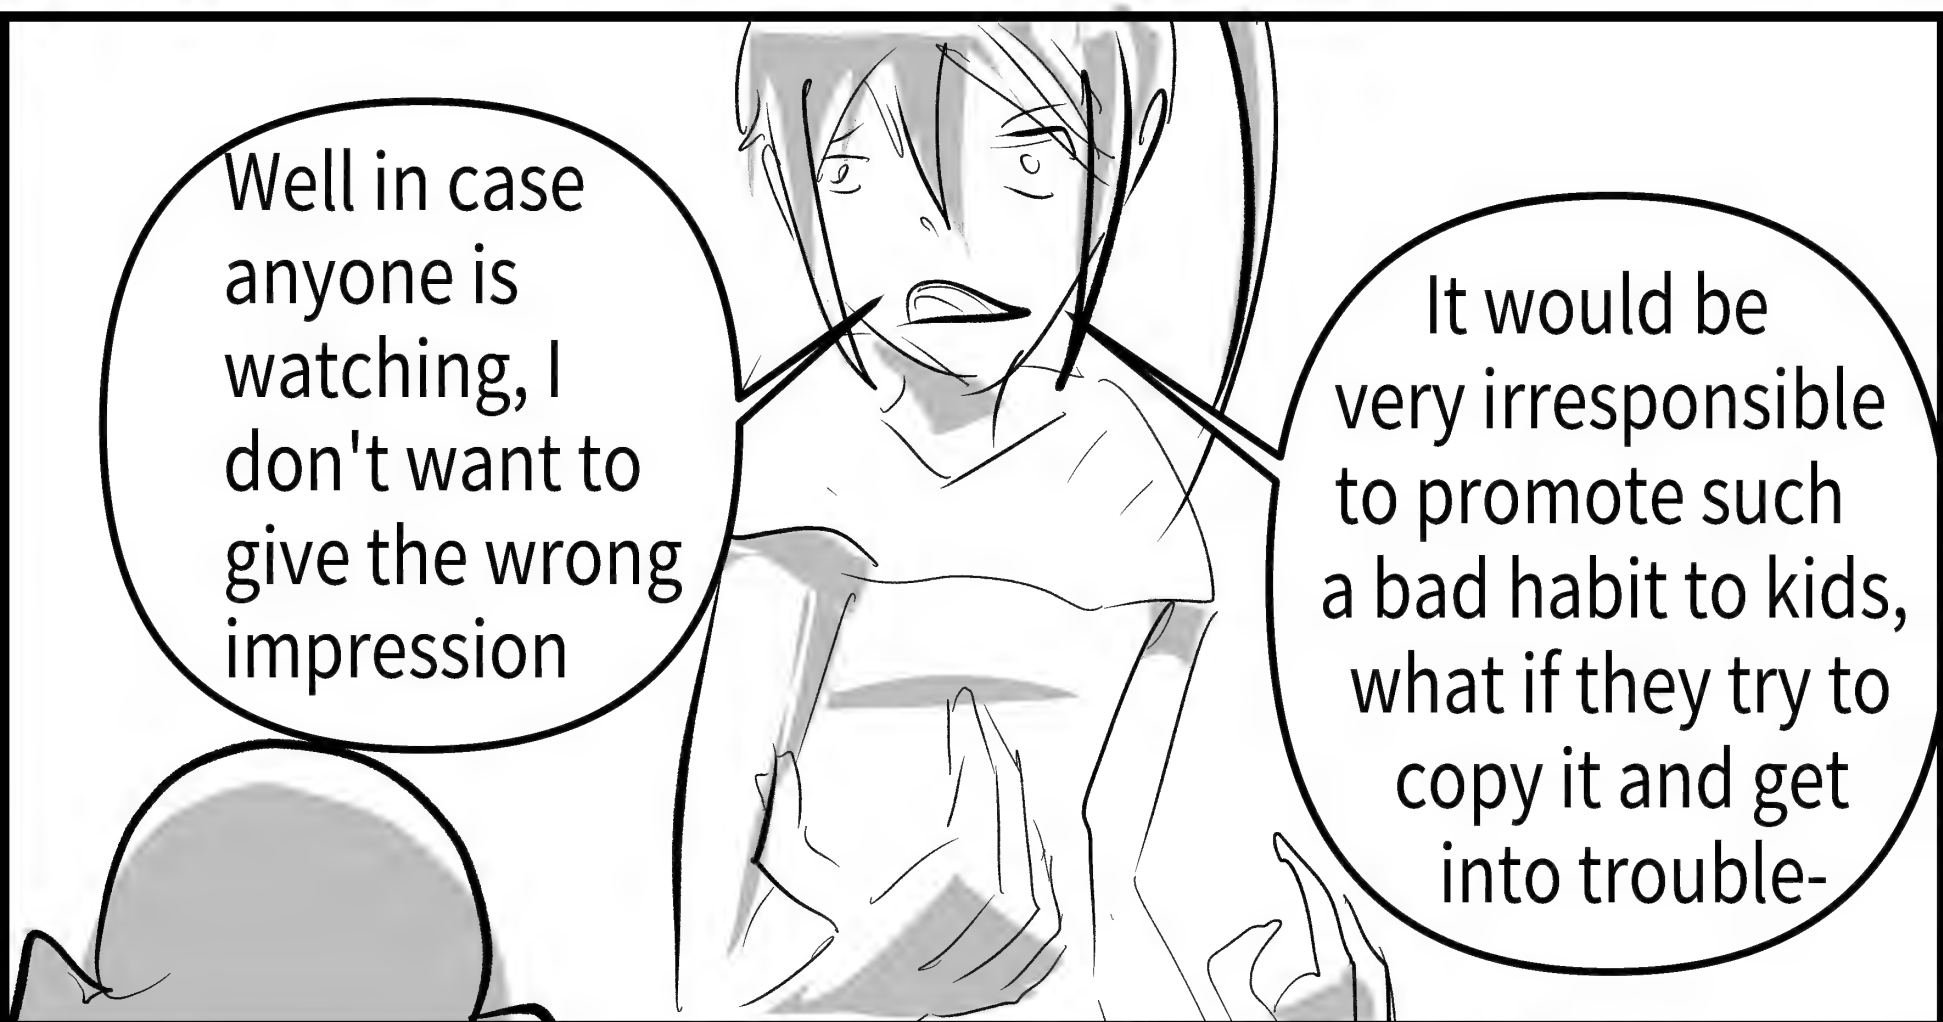

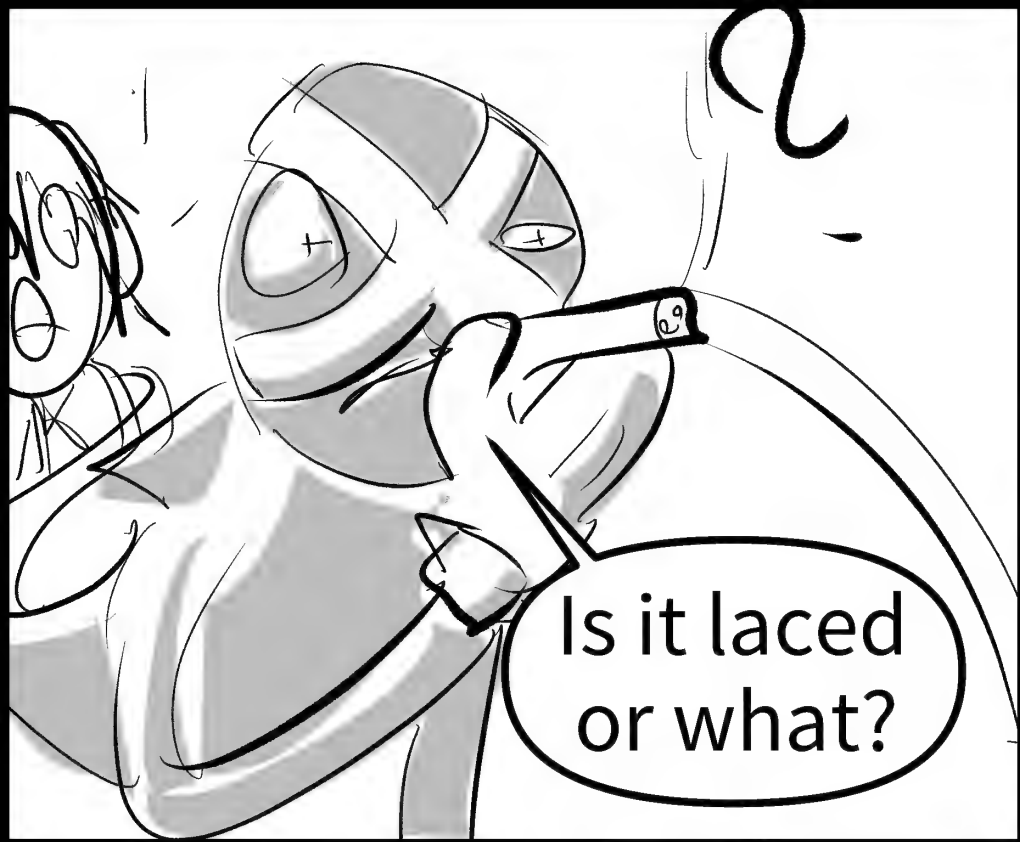

T-t-that-

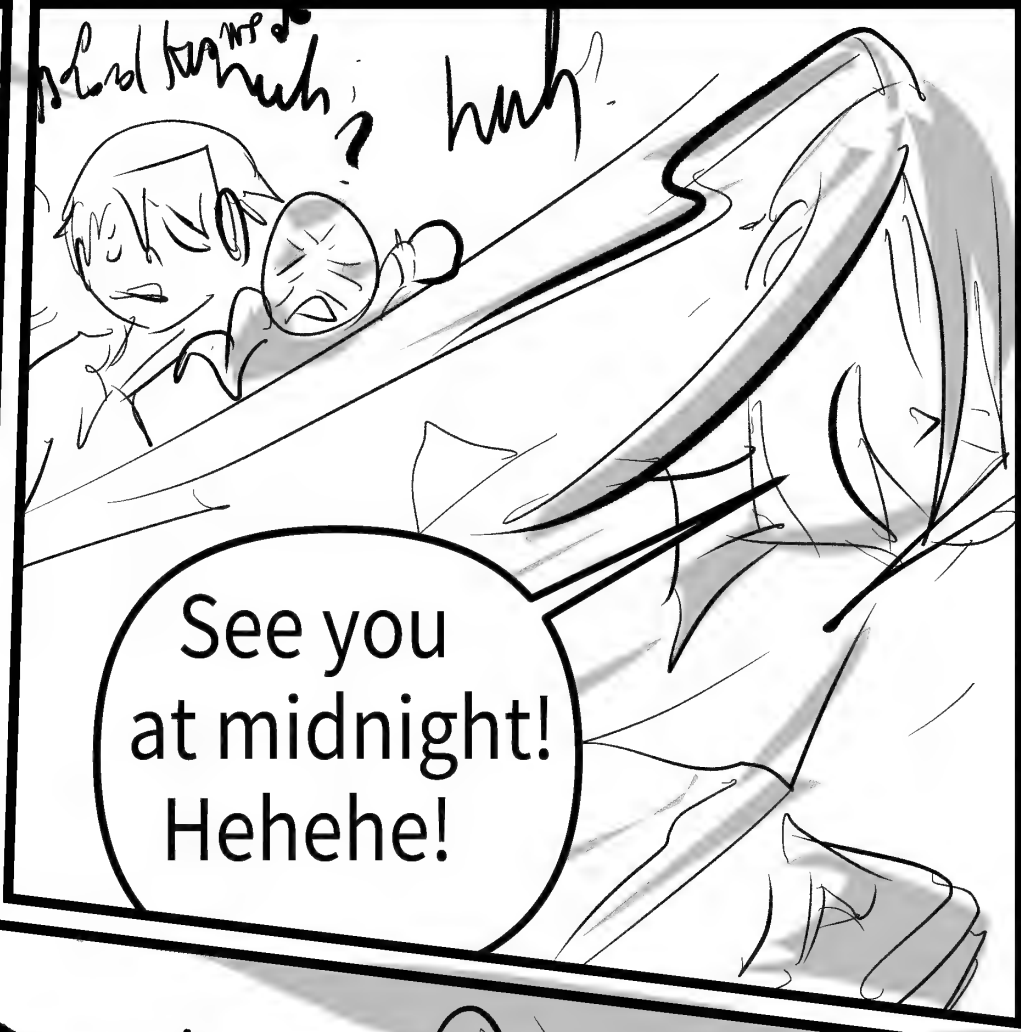

Y-yeah, thanks
Ragnarok, now
I understand!

See you
at midnight!
Hehehe!

Later that
evening...

Haha, it's
a coconut!

I'm going
for a stroll...

Haha, sure,
fresh air is
allways good,
just not as good
as me, haha!

Sure

Haha,
another
coconut!

woah x

-Tsu-

shshh...

He is heavier
than he looks

Don't worry,
just find the
keys

Hmm, I dunno...

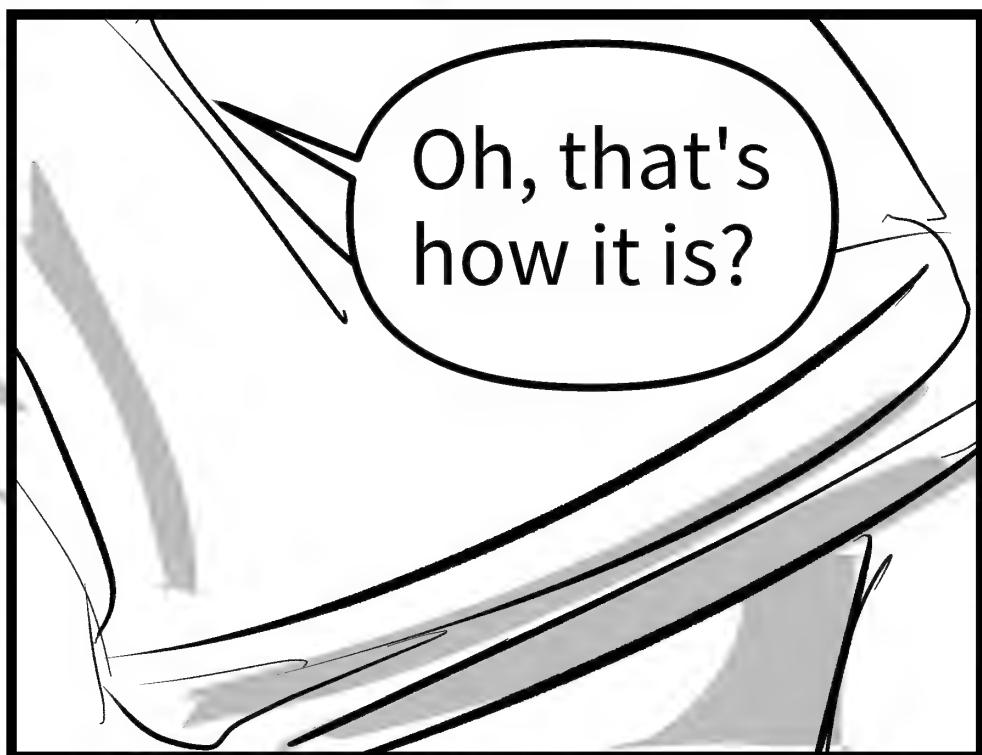

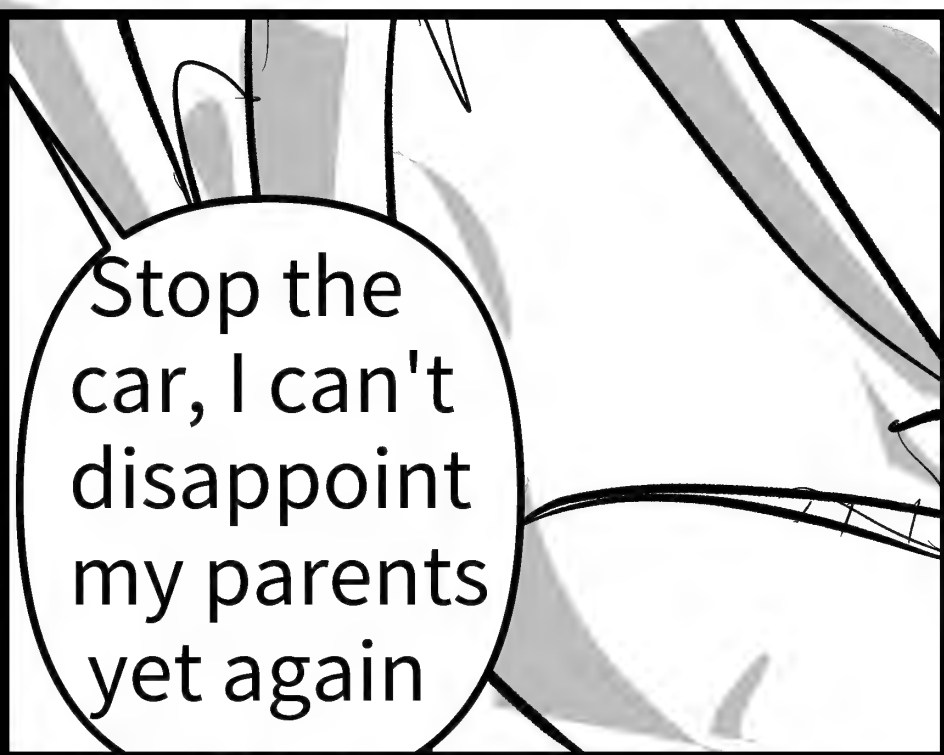

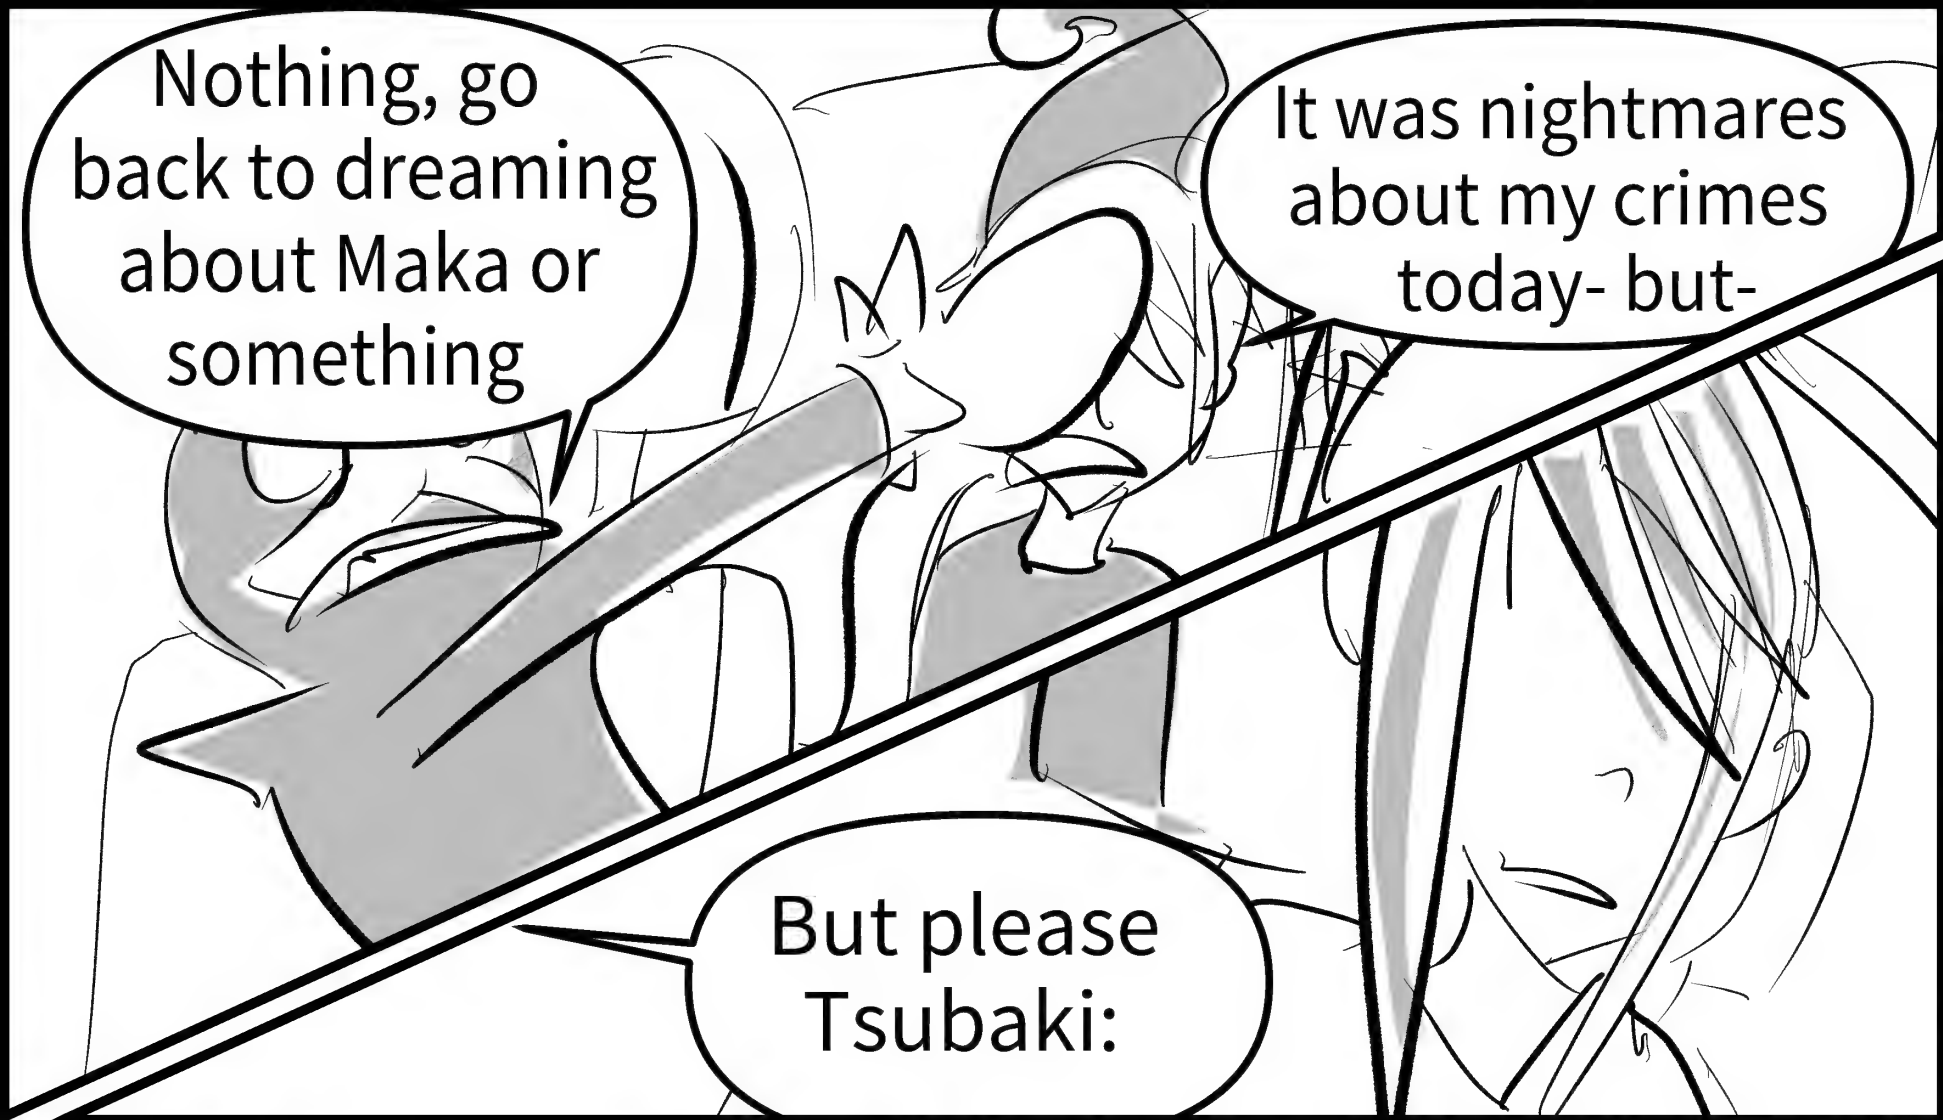

Heh, who's the fake
delinquent now?

Guipi can't
argue that, lets
go then!

Ugh... What is-

W-what's going on?!?

Haha, I allways
wanted to drive it

stop

When it's me,
then one can
guilt trip, huh?

Tsubaki,
I'm not-

Everyone can do
reckless crap, while I
have to be the stuck up
and responsible one!

Disappointing parents?

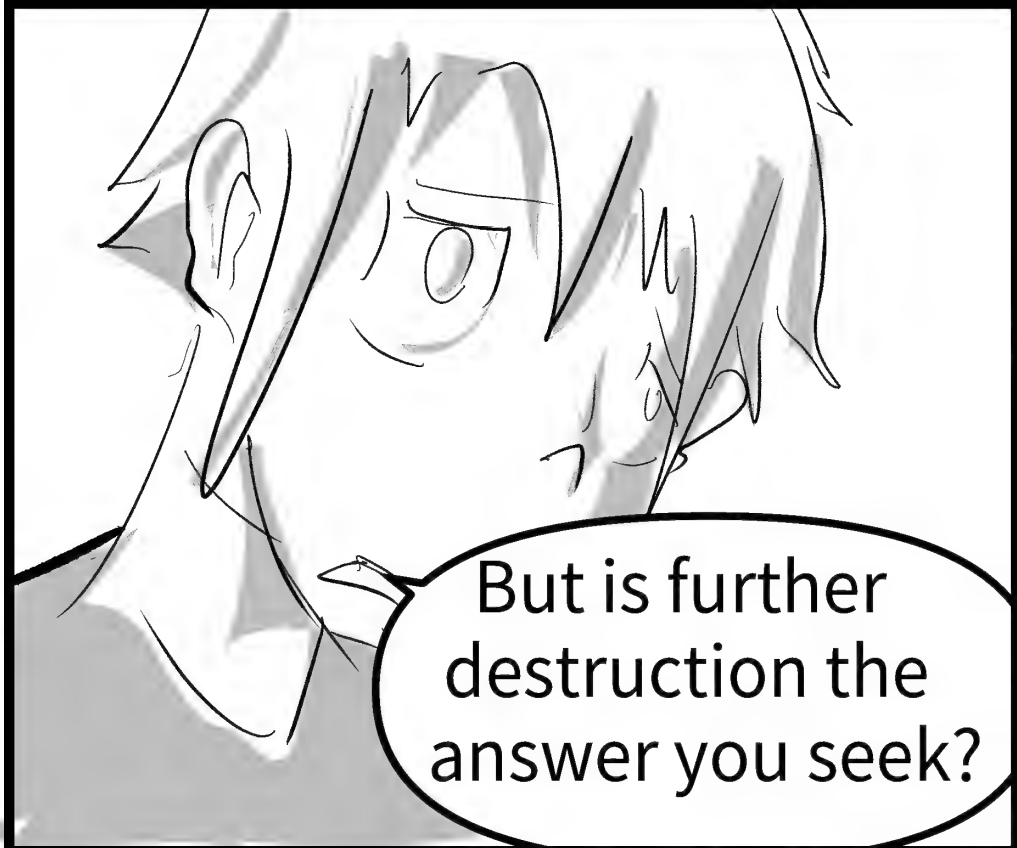

I wish I did

Maybe then my brother would be alive

Enjoying his second chance

I-I'm
sorry
...

But is further
destruction the
answer you seek?

D-don't be
so dramatic

We're just
gonna have
some youthful
fun

You can even
stay in the car

Ragnorok, you'll just
have to stretch a bit

huh?

Perfect

A wall to
spraypaint!

Got one
for me?

Heh this
might be
fun!

How is vandalism
going on yor side,
guipi!

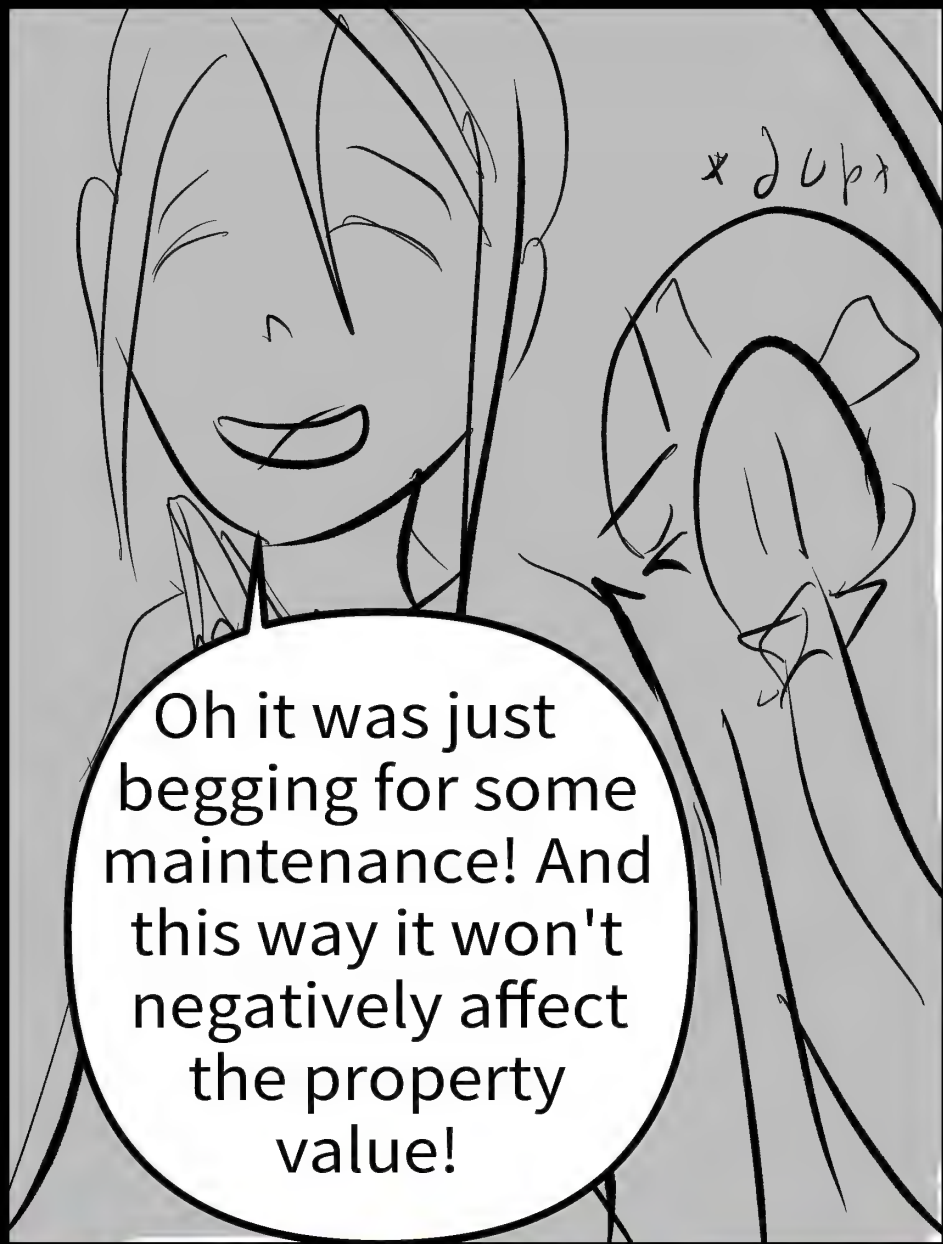

I'm nearly
finished!

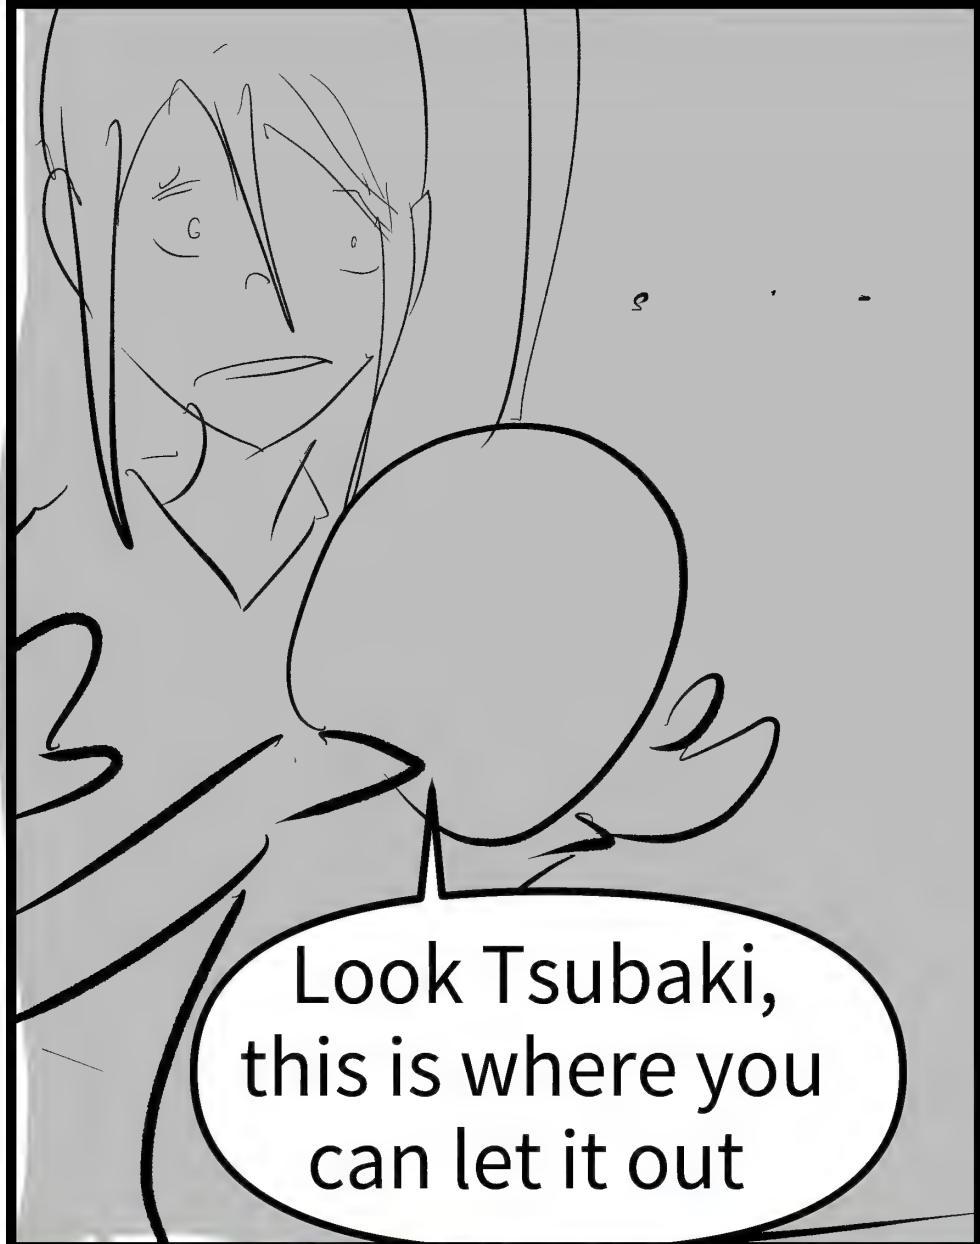

That quickly?
Lets see how your
fancy calligraphy
stuff transfers-

You just put on
a fresh paint of
colour for free!

Oh it was just
begging for some
maintenance! And
this way it won't
negatively affect
the property
value!

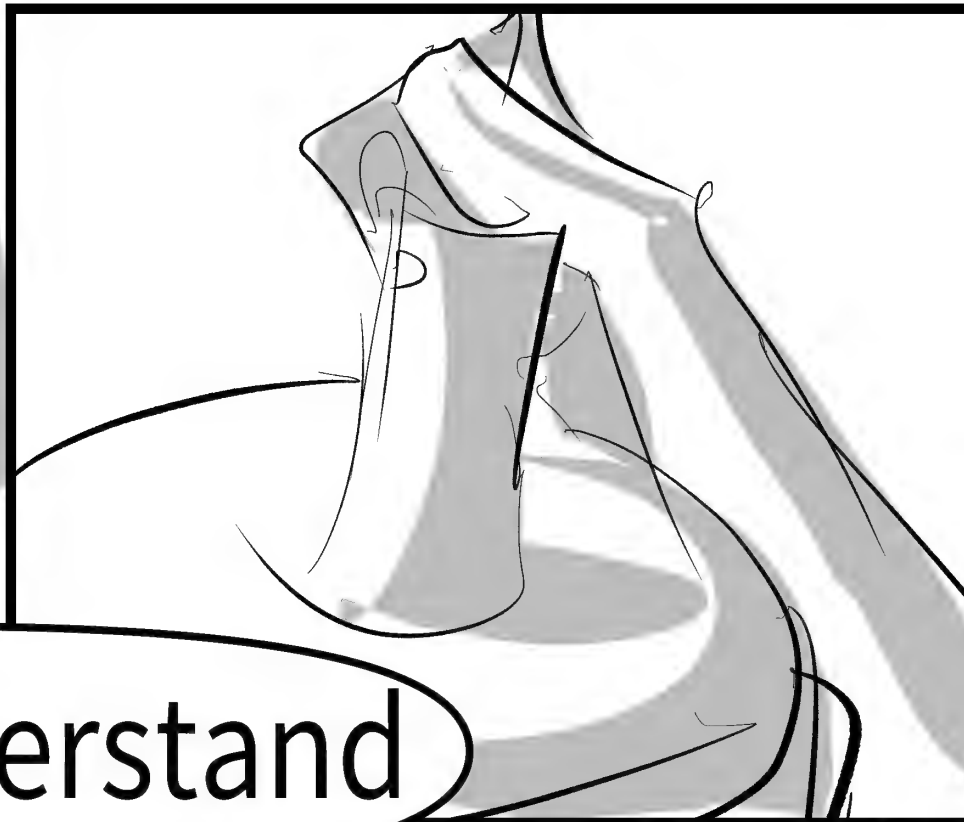

Look Tsubaki,
this is where you
can let it out

Spray out your ANGER
Your HATRED n' DISGUST
Splatter it all over
the WALLS!

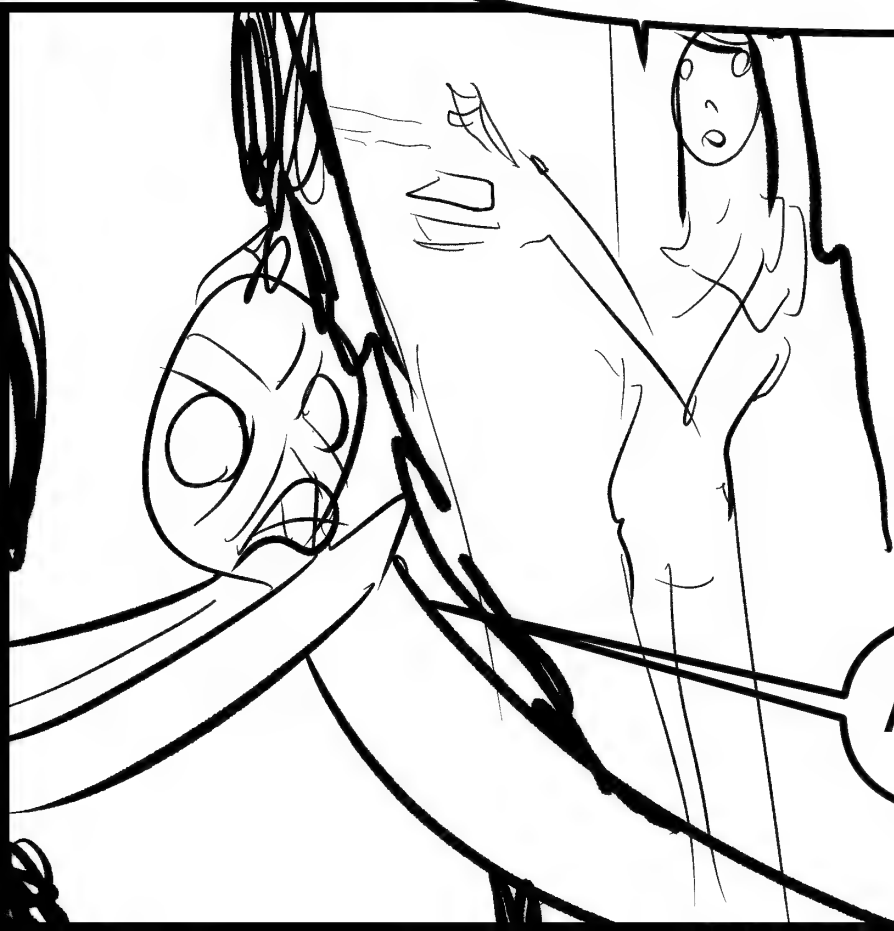

If not, you will end up like me
or like your...brother...

A blood stain, either on the ground or your hands
Both a lot harder to scratch of than some shitty paint

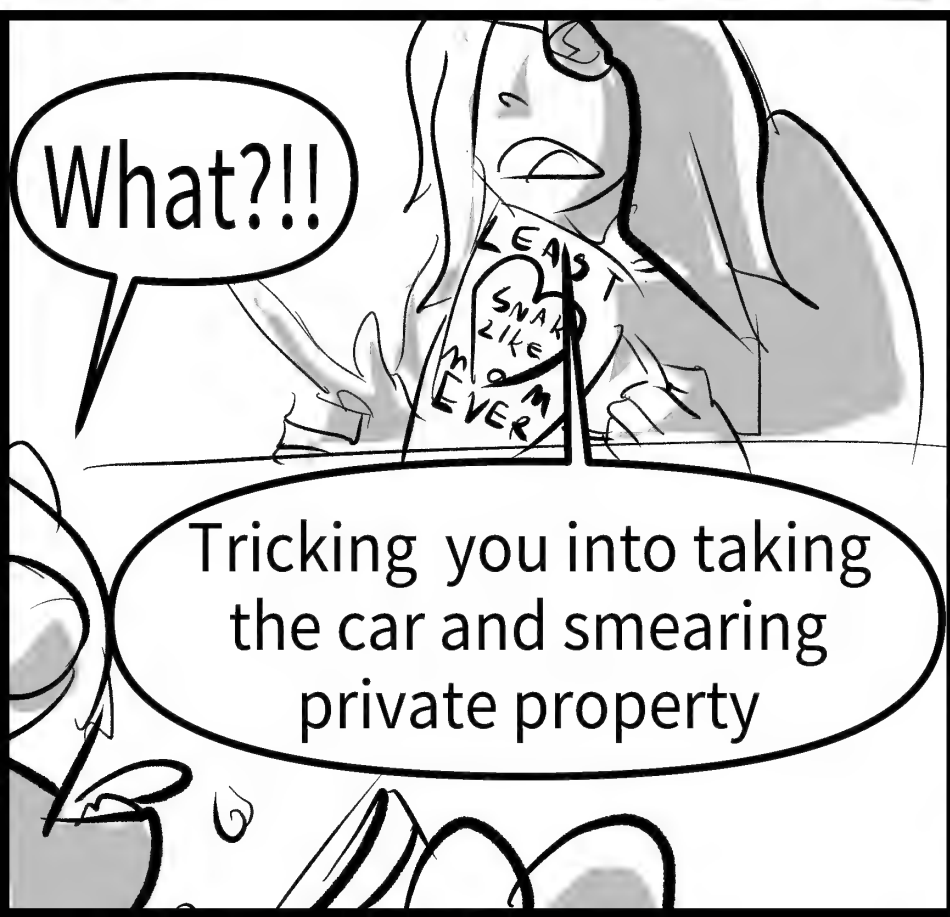

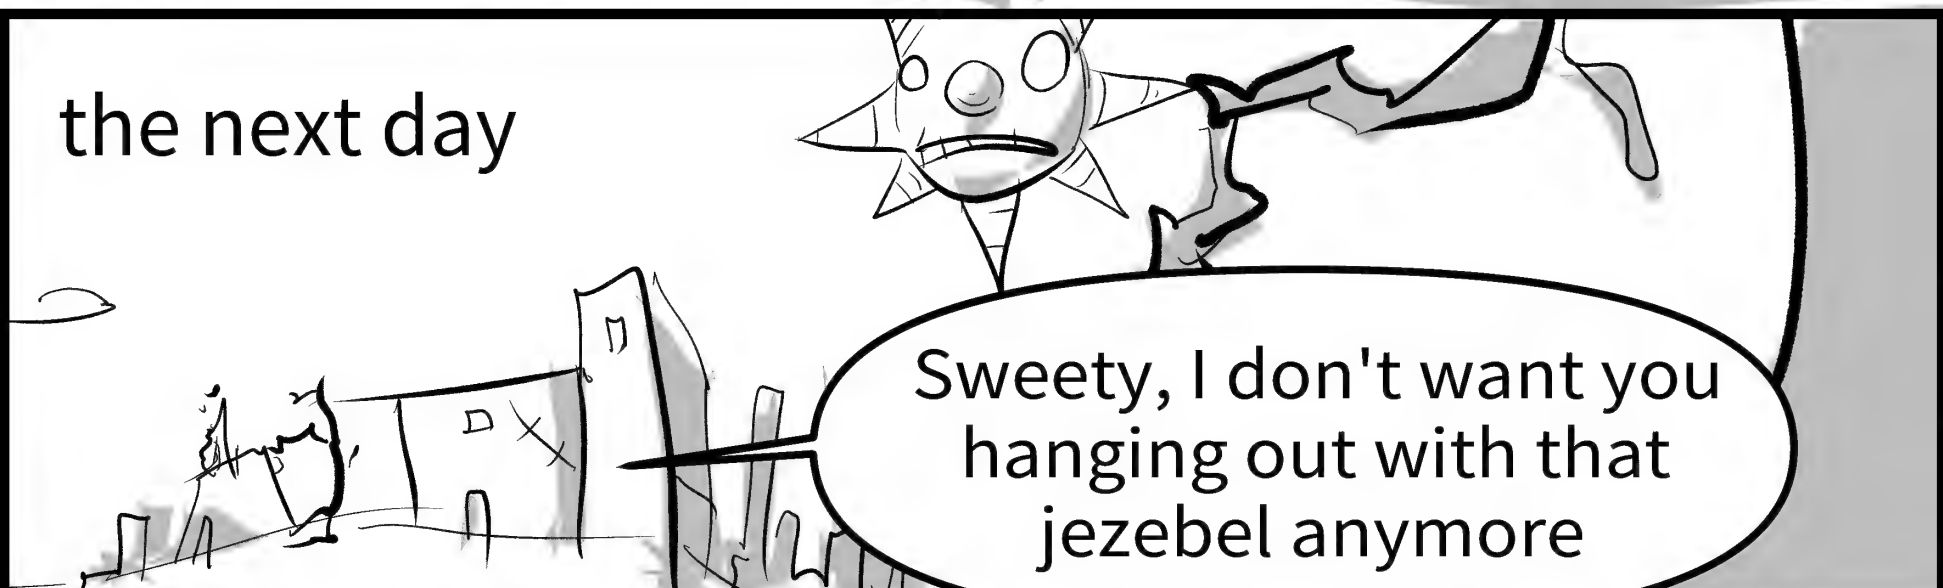

Yes, I understand

thud x

Ah shit

Yes, and if you follow her down her dark path it will lead you somewhere much worse...

Like a fine and a few community service hours?

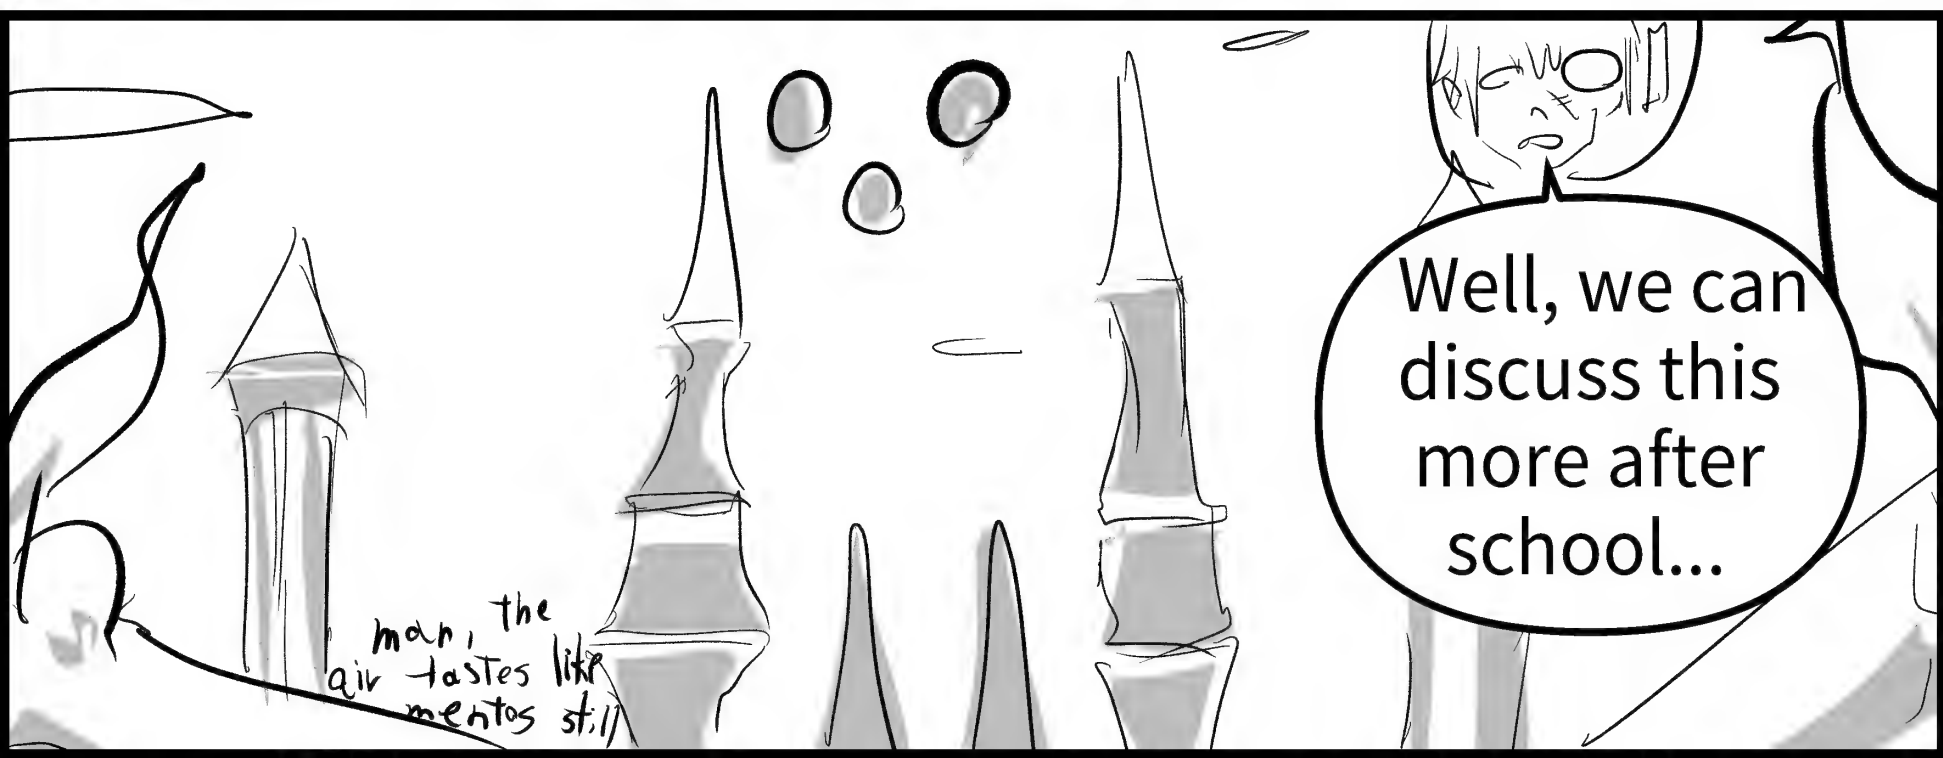

Oh dear, the corruption is already spreading to Crona too!

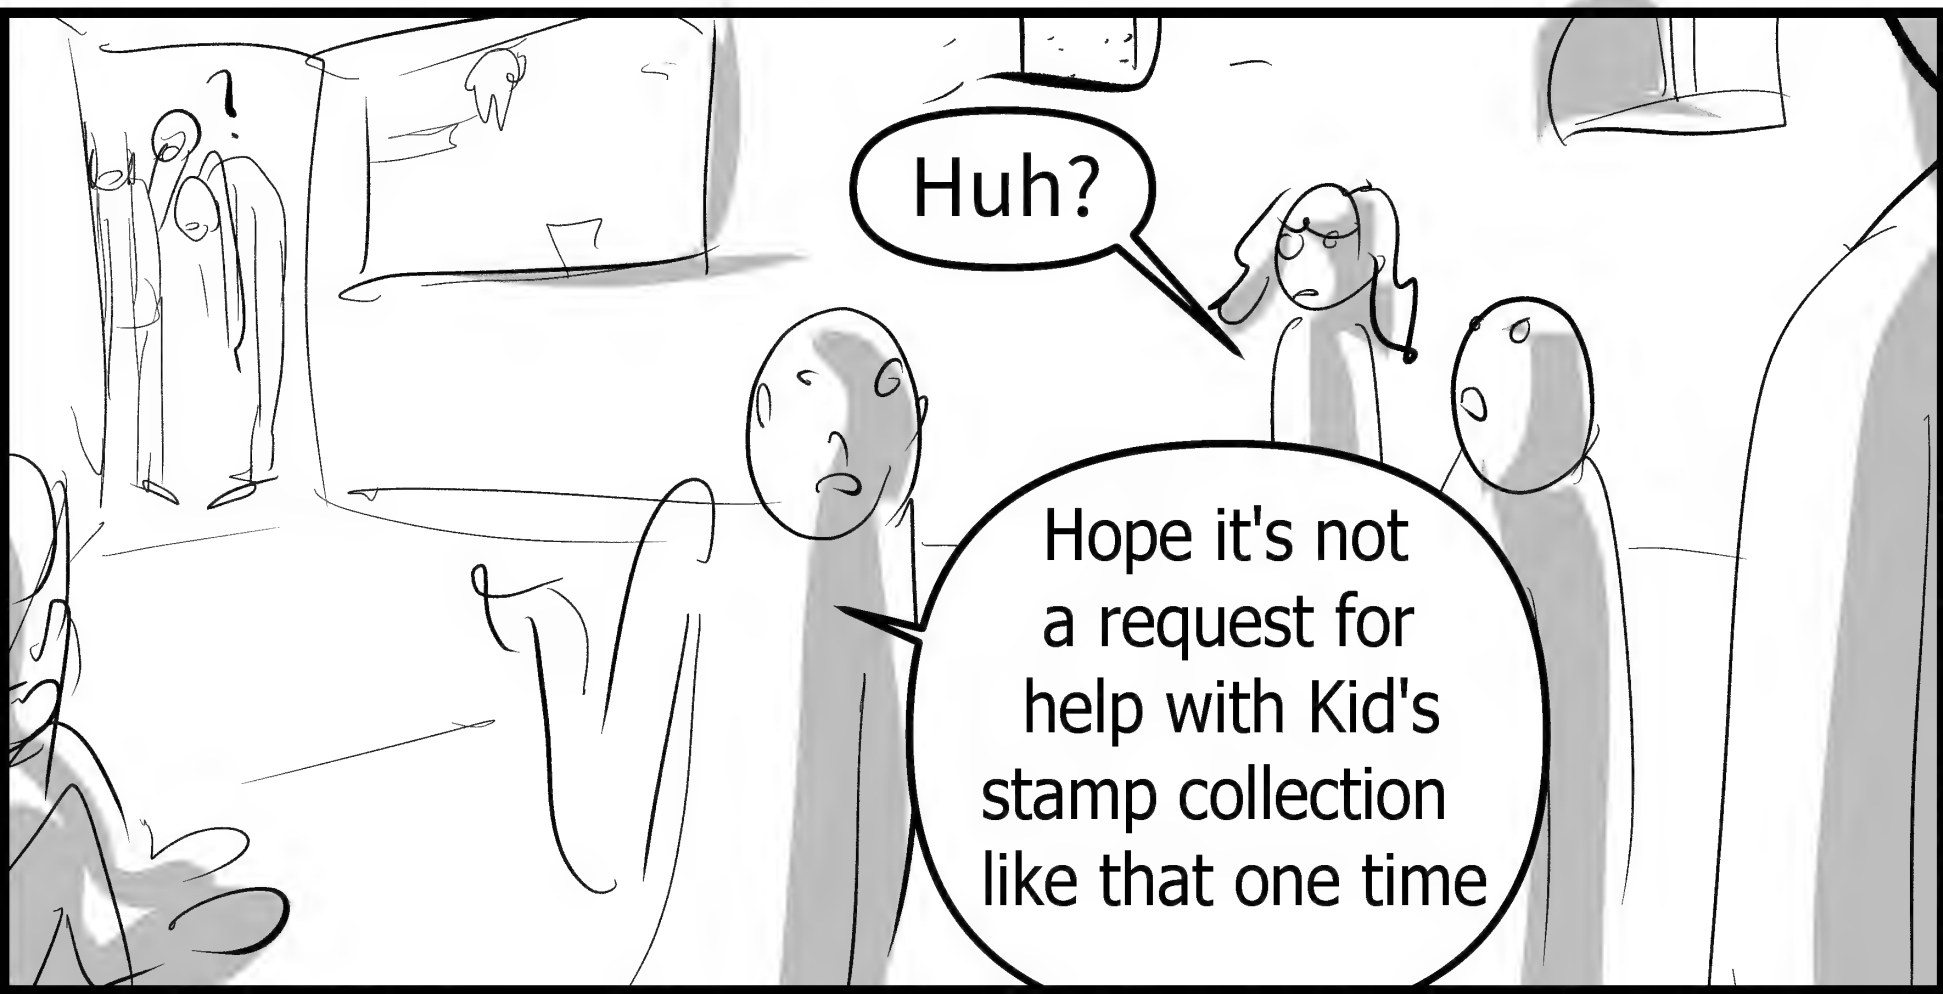

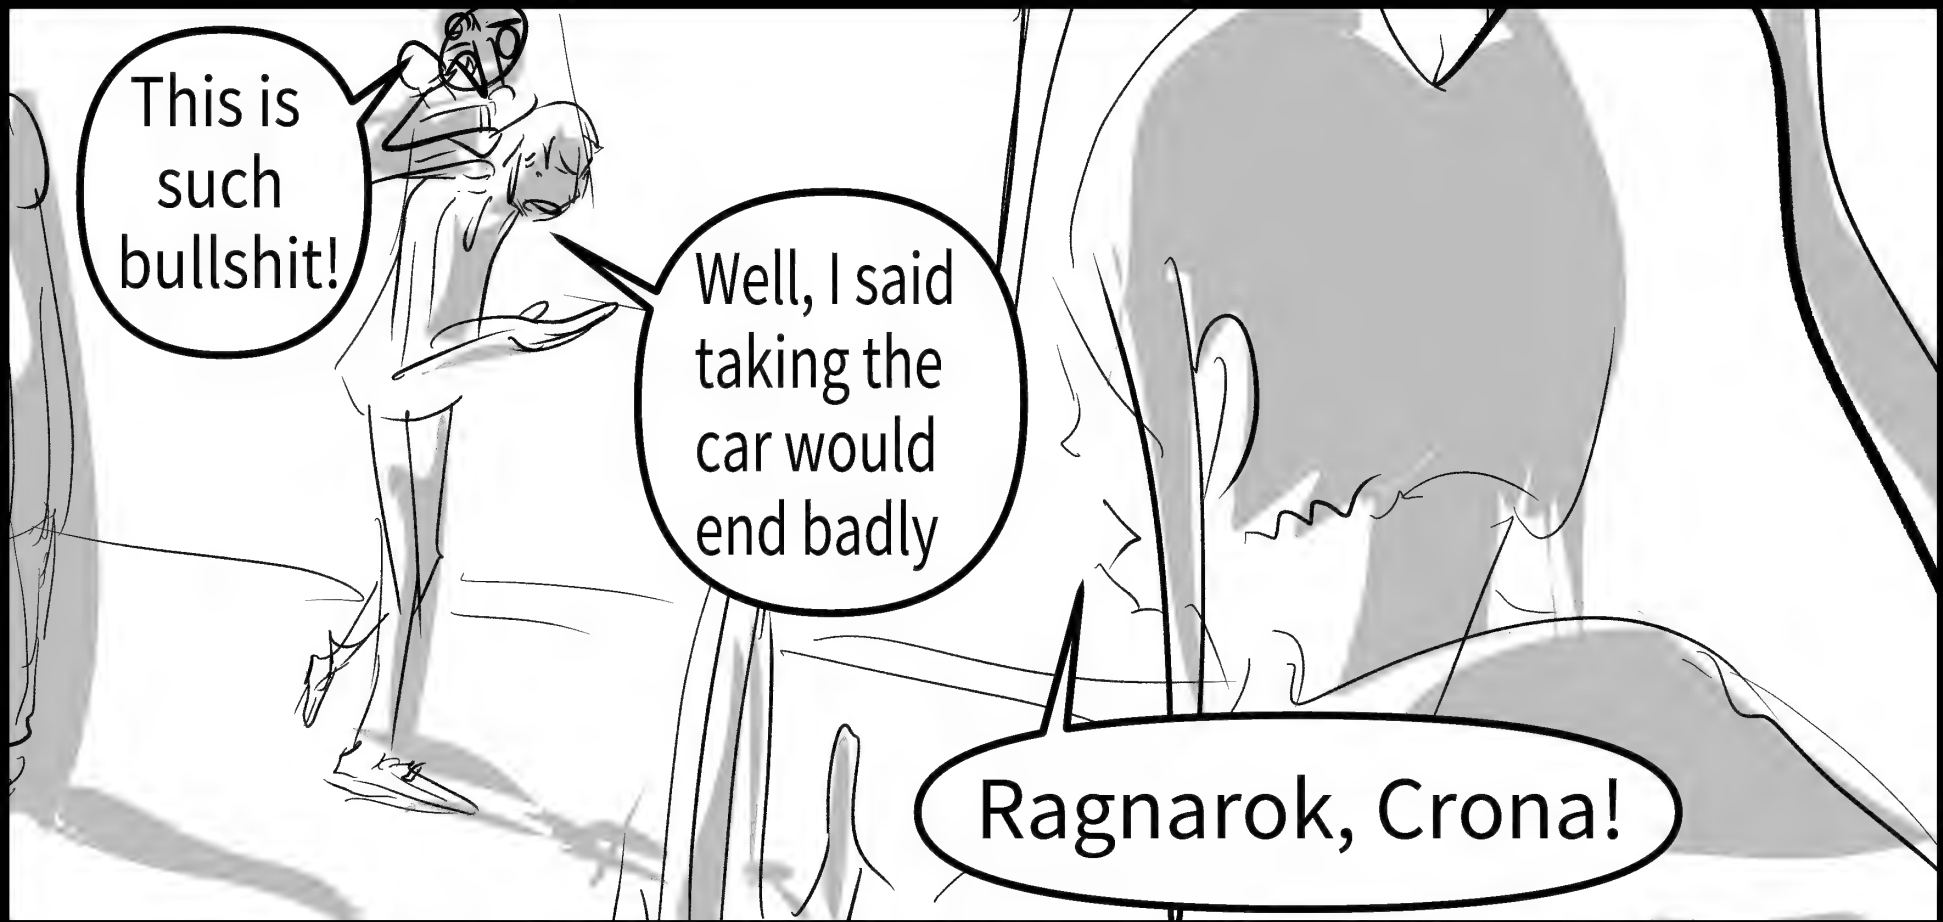

I-I was just joking

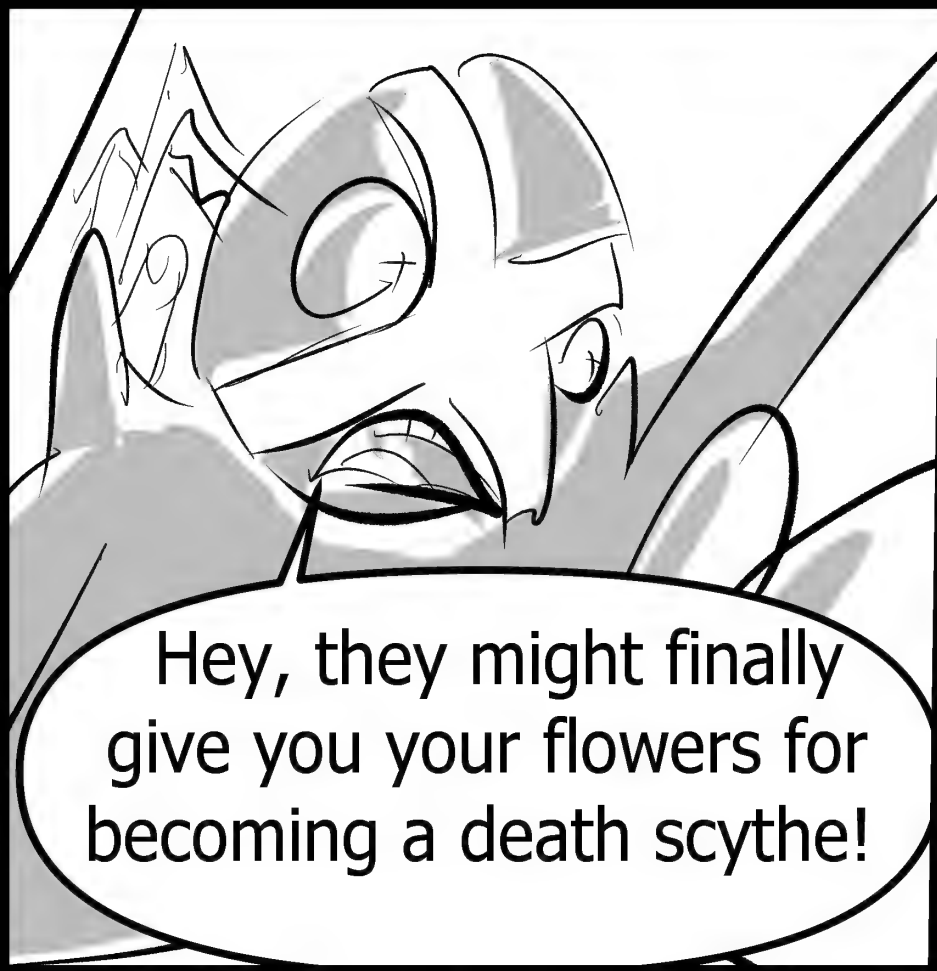

zero backbone

Well, we can discuss this more after school...

man, the air tastes like mentos still

Hey, they might finally give you your flowers for becoming a death scythe!

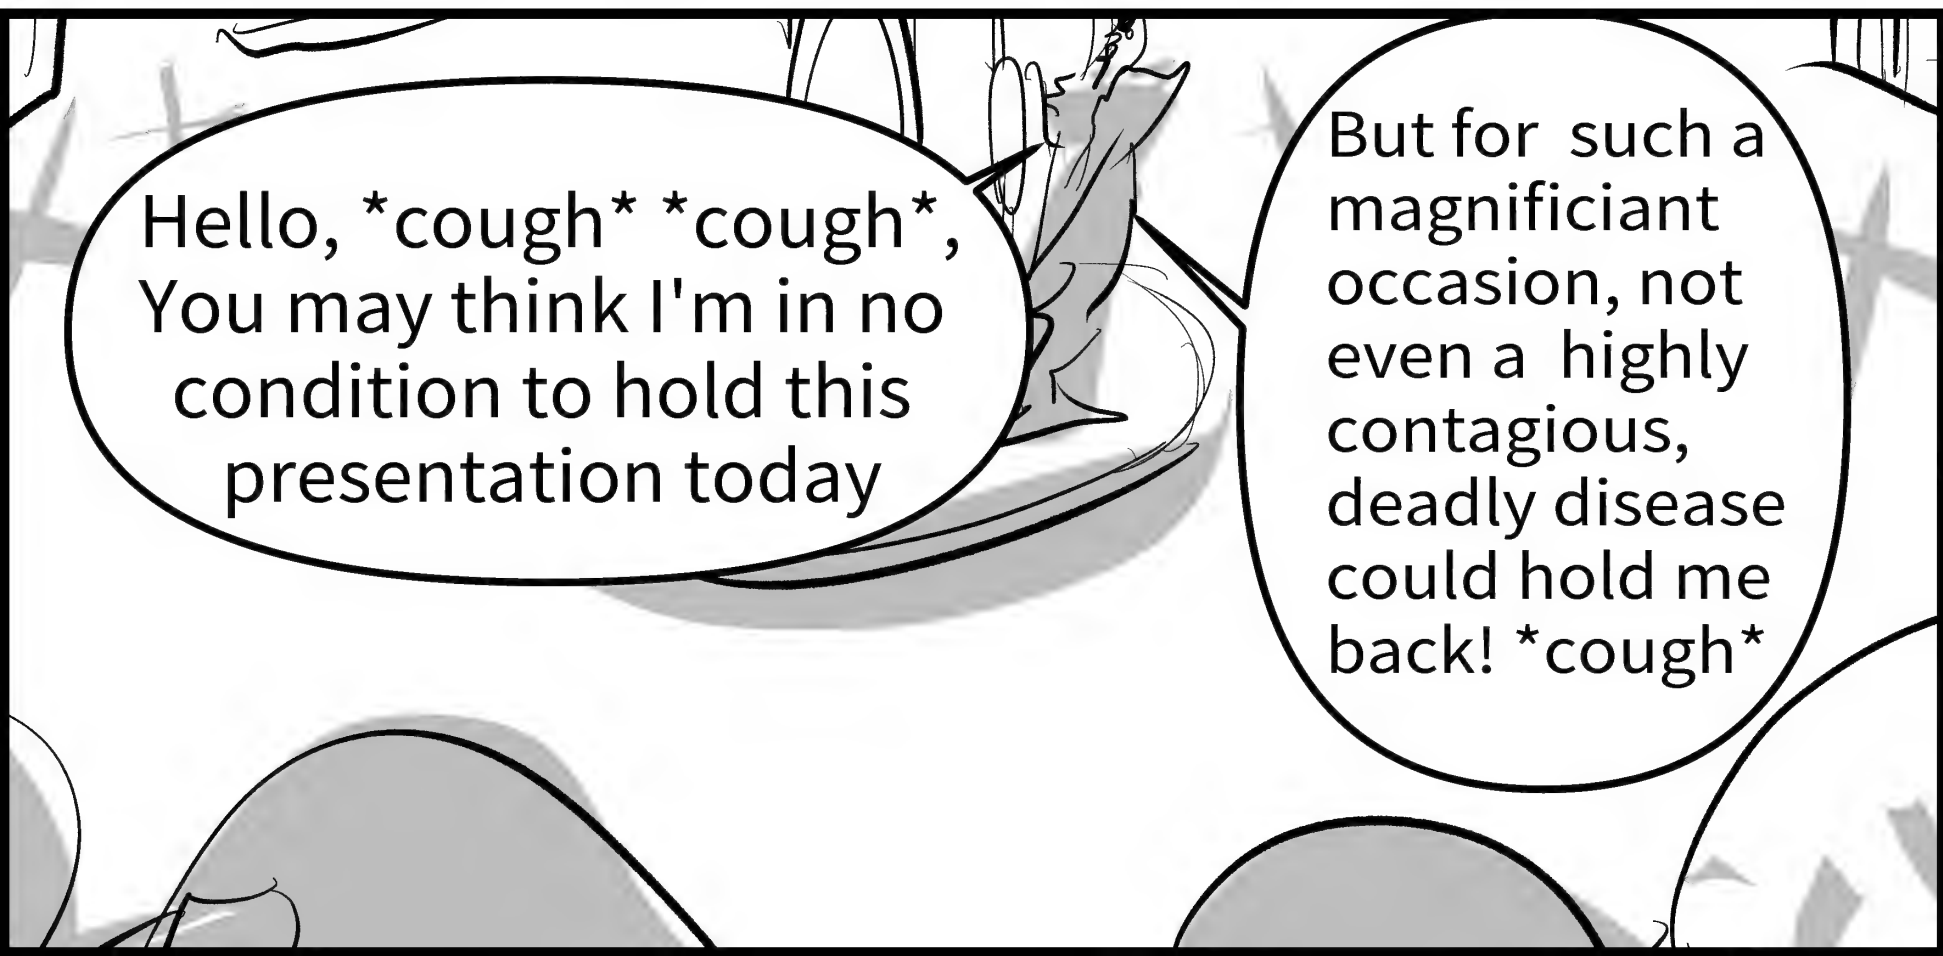

Maybe, but after how I acted the past few days...

I would be too ashamed to accept such an honor...

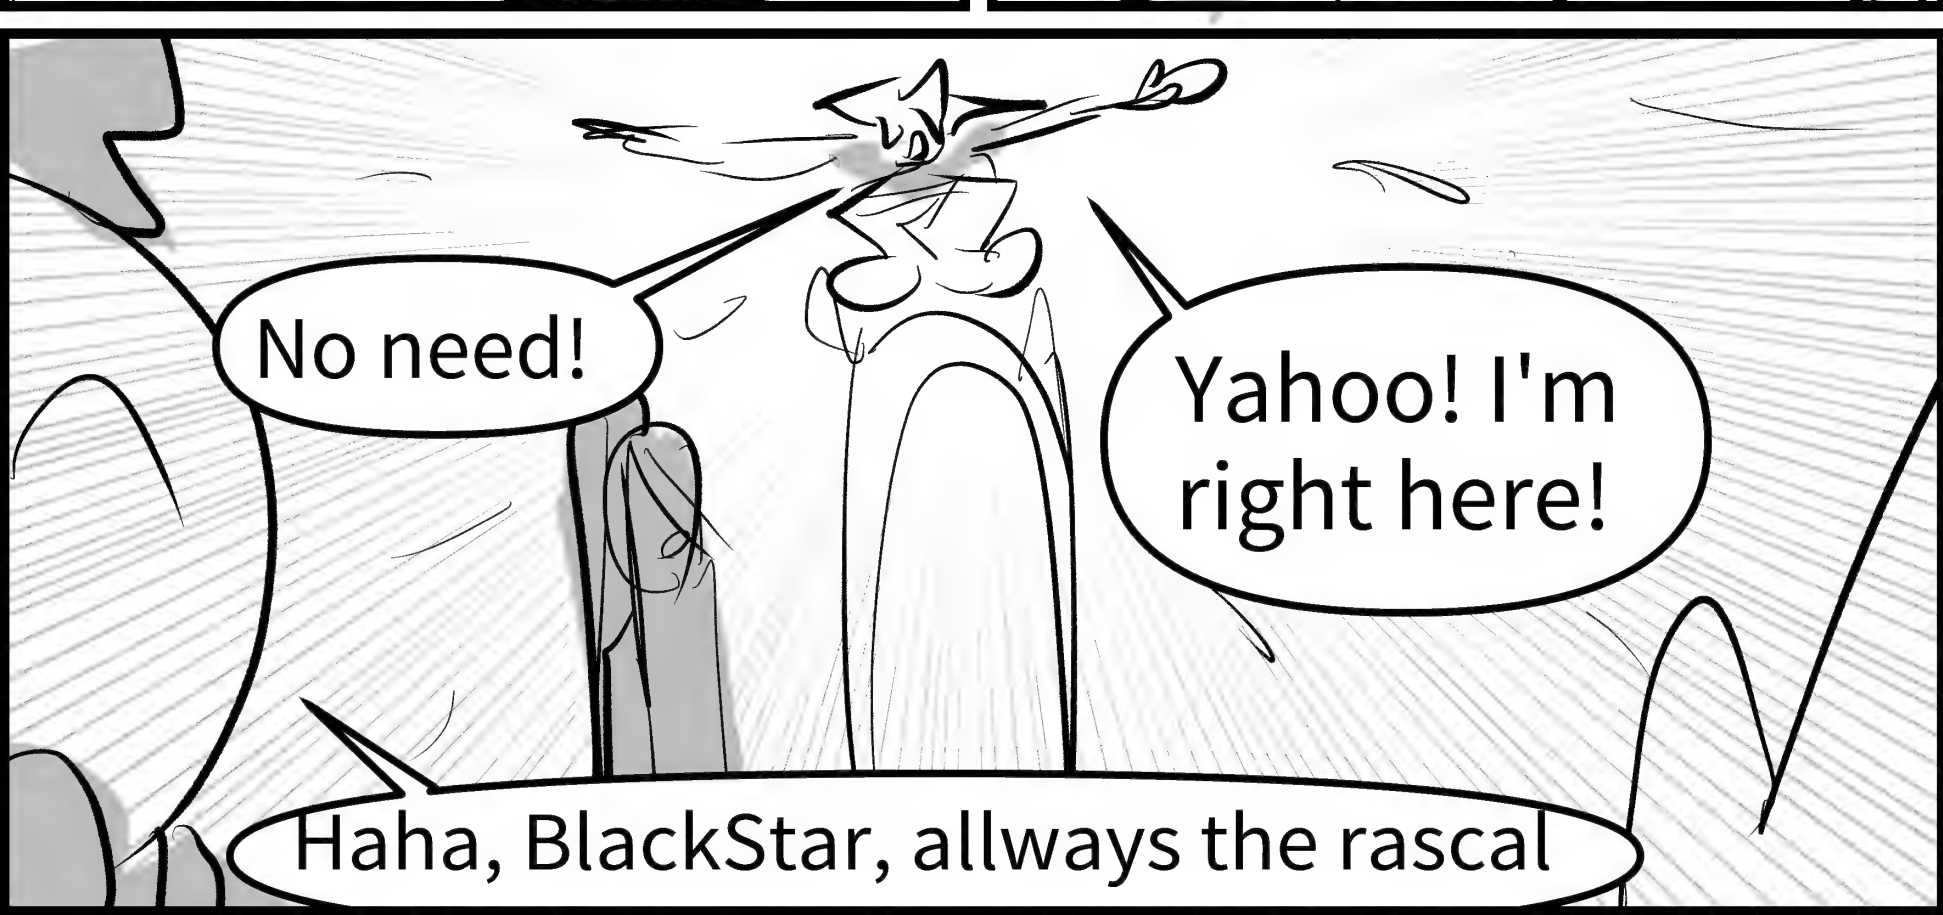

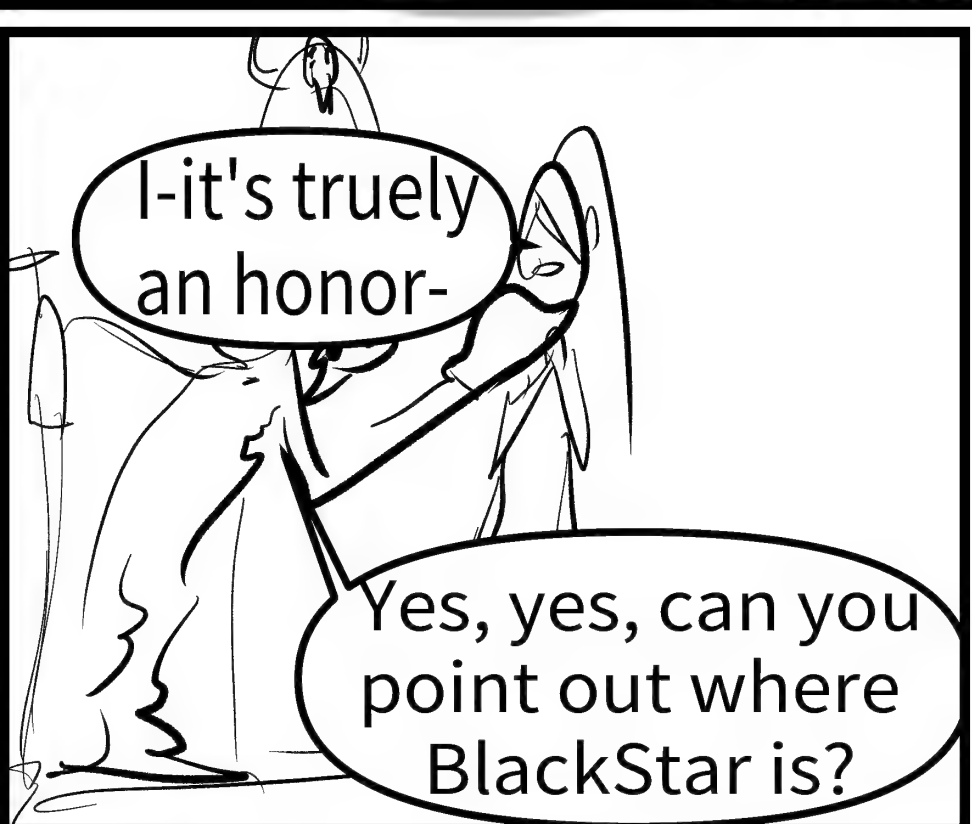

Don't worry, we all make mistakes...
Oh, btw could you sit a few seats from us in case my mom is here?

Thank you-
Wait why, what-

Hello, *cough* *cough*,
You may think I'm in no condition to hold this presentation today

But for such a magnificent occasion, not even a highly contagious, deadly disease could hold me back! *cough*

Here, take this Guinness© World Record Award for "the biggest coke + mentos explosion since '08"

What a scam,
my sis should
have won...
I was sure he
would tell us where
she and Kid
have went...

He gets an
award for
THAT!?!

And I get
NOTHING!?!

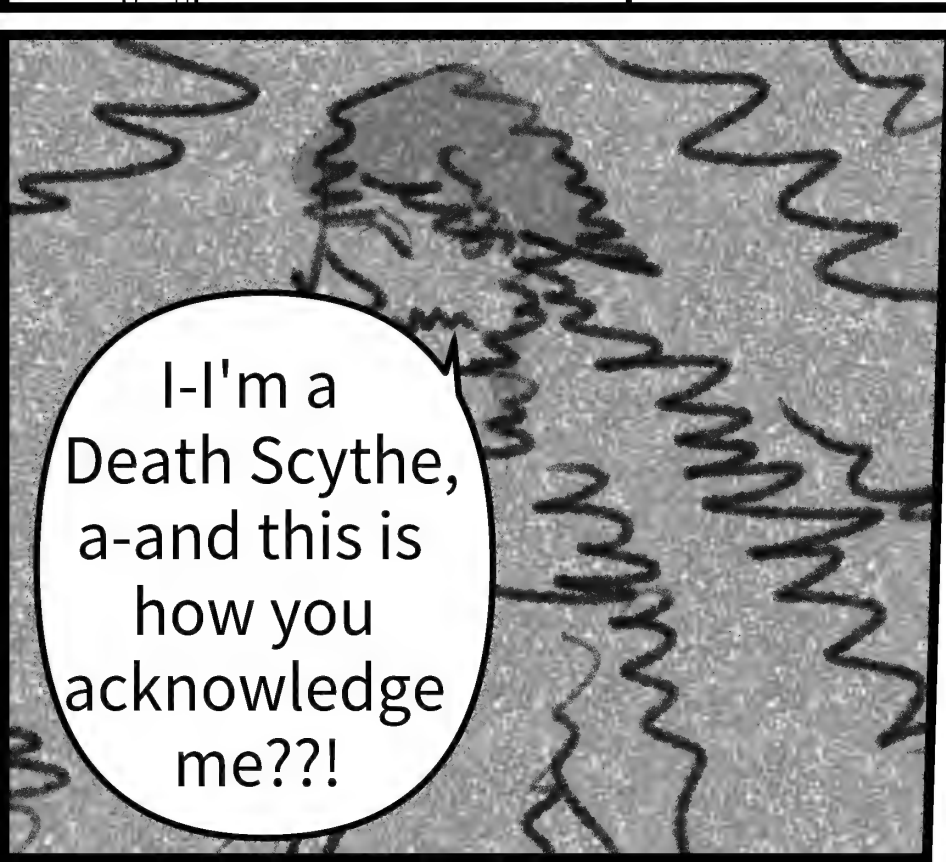

Oh Tsubaki, I nearly forgot, I have something for you two, but maybe we should wait till-

No no, I insist, oh so "honorable" Lord Death, there is enough time-

Ok dokie... Here is the notice for 5 hours mandatory community service do to vandalism

I-I'm a Death Scythe, a-and this is how you acknowledge me??!

Well, to be fair, we got quite a few new DS's recently, first Naigus, then Soul, in light of that you don't seem so special

You really are more like a decoration, a pretty flower next to BlackStar, who probably does most of the work

Wait, that came of a bit too harsh. Just a tad bit though...

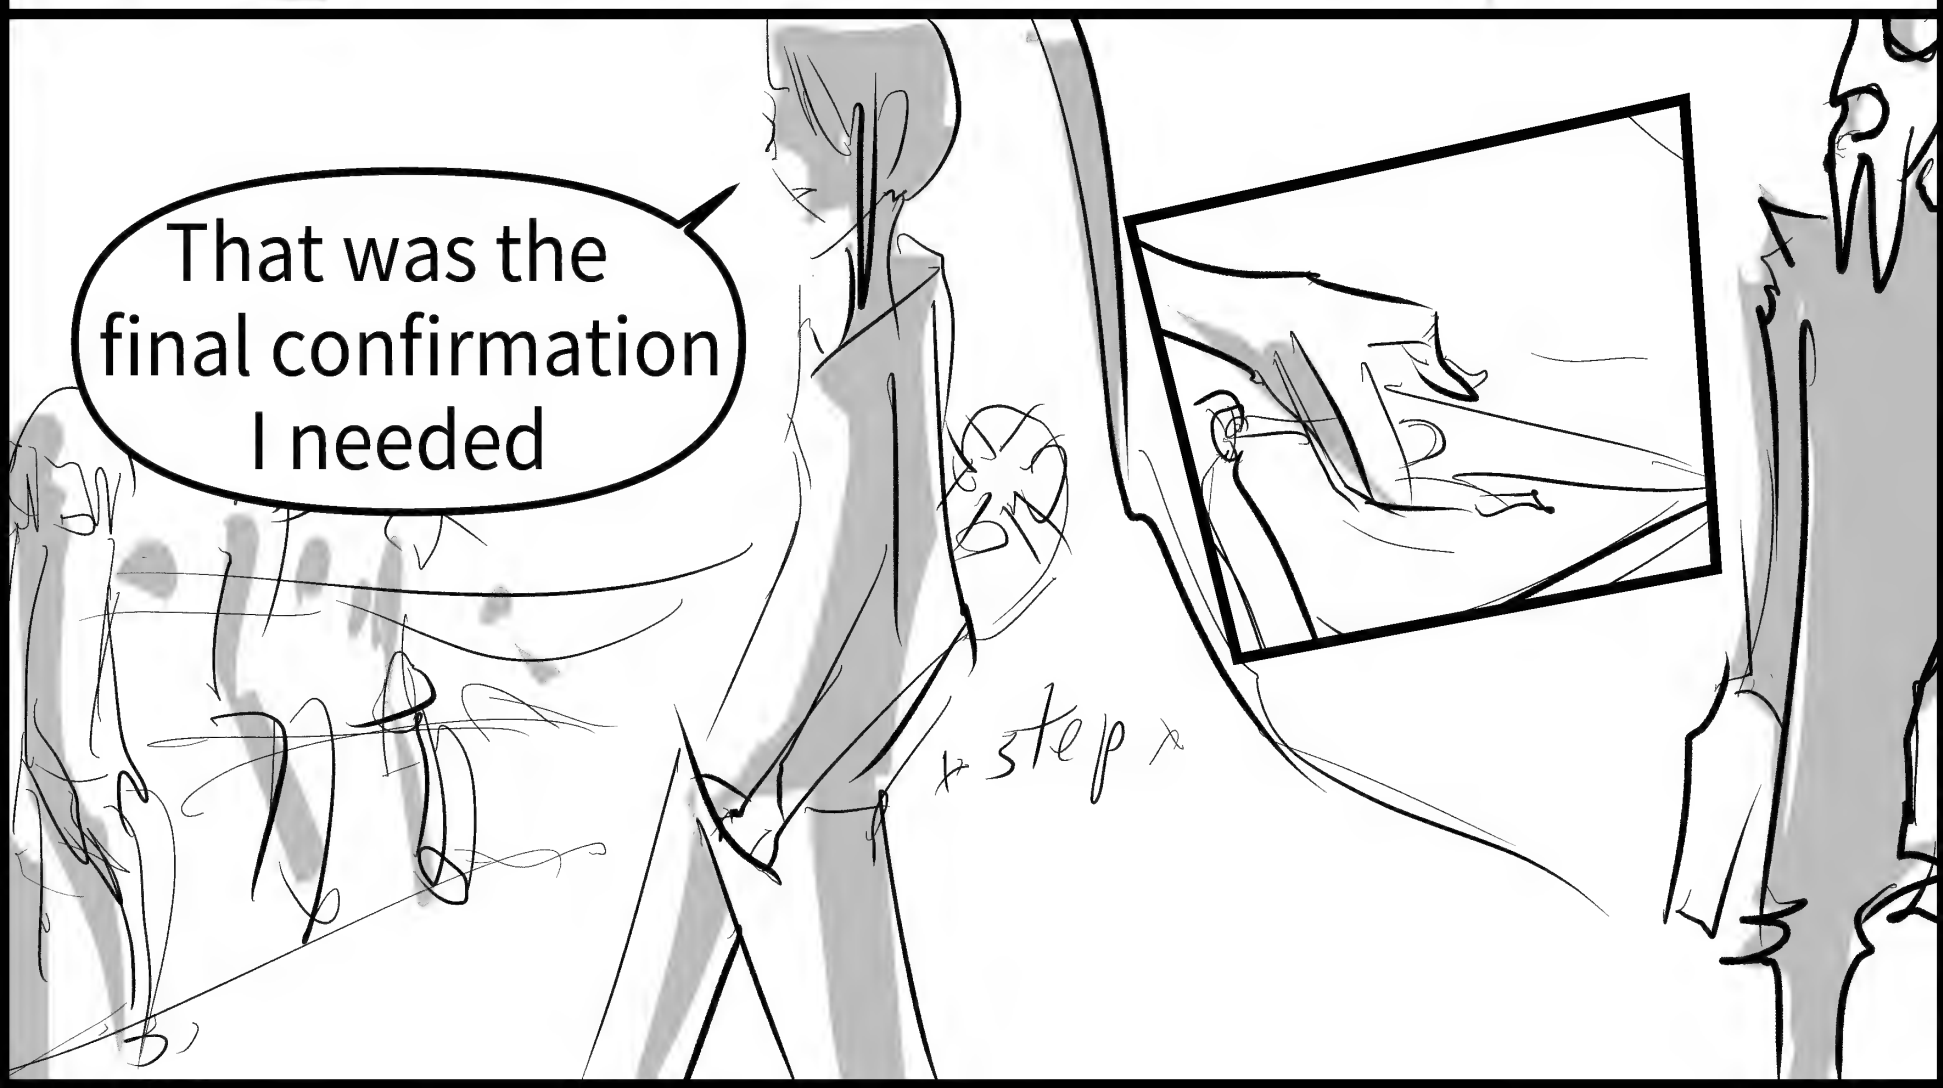

That mother fucker, I'll-

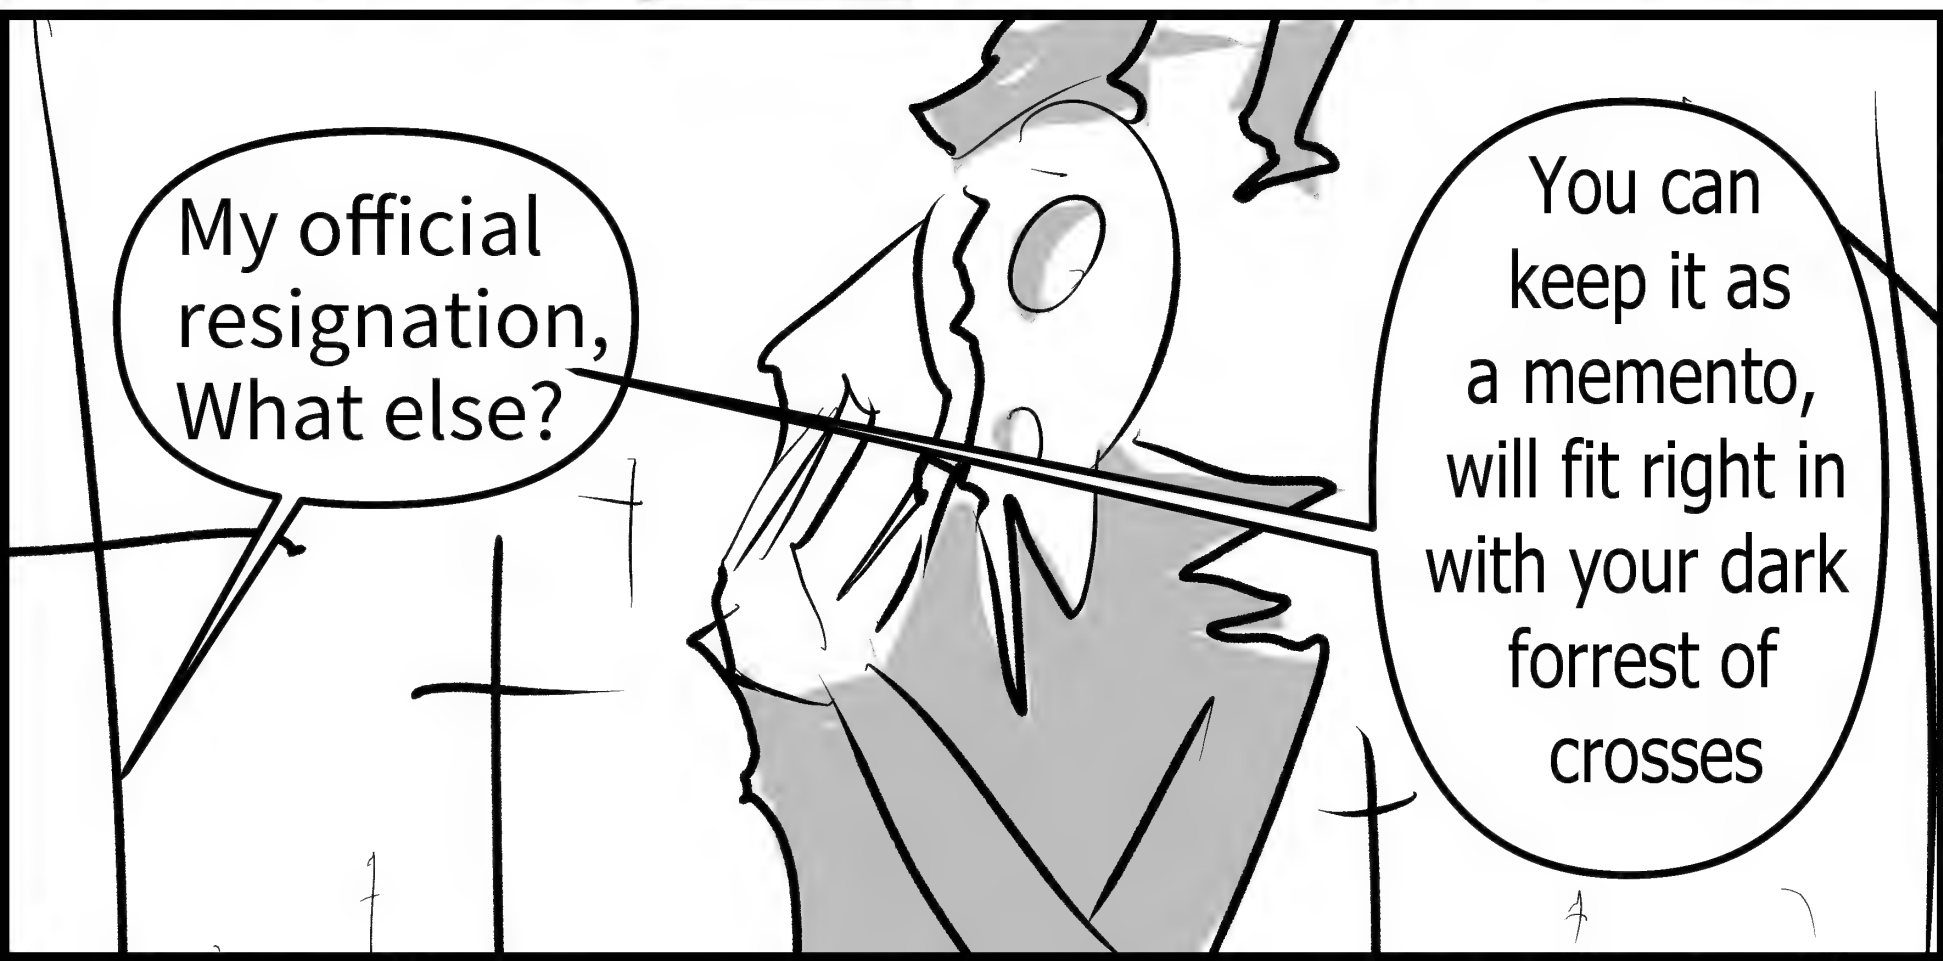

Thank you Ragnarok

But I'll deal with it myself

That was the final confirmation I needed

x step x

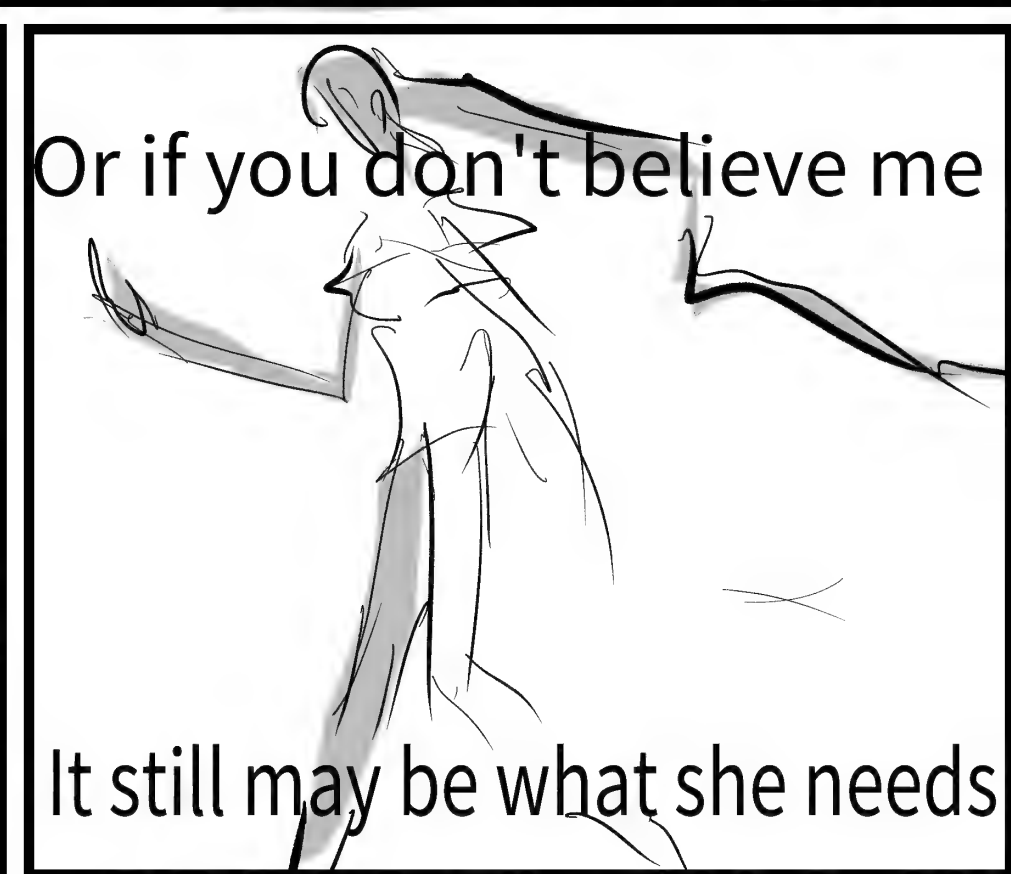

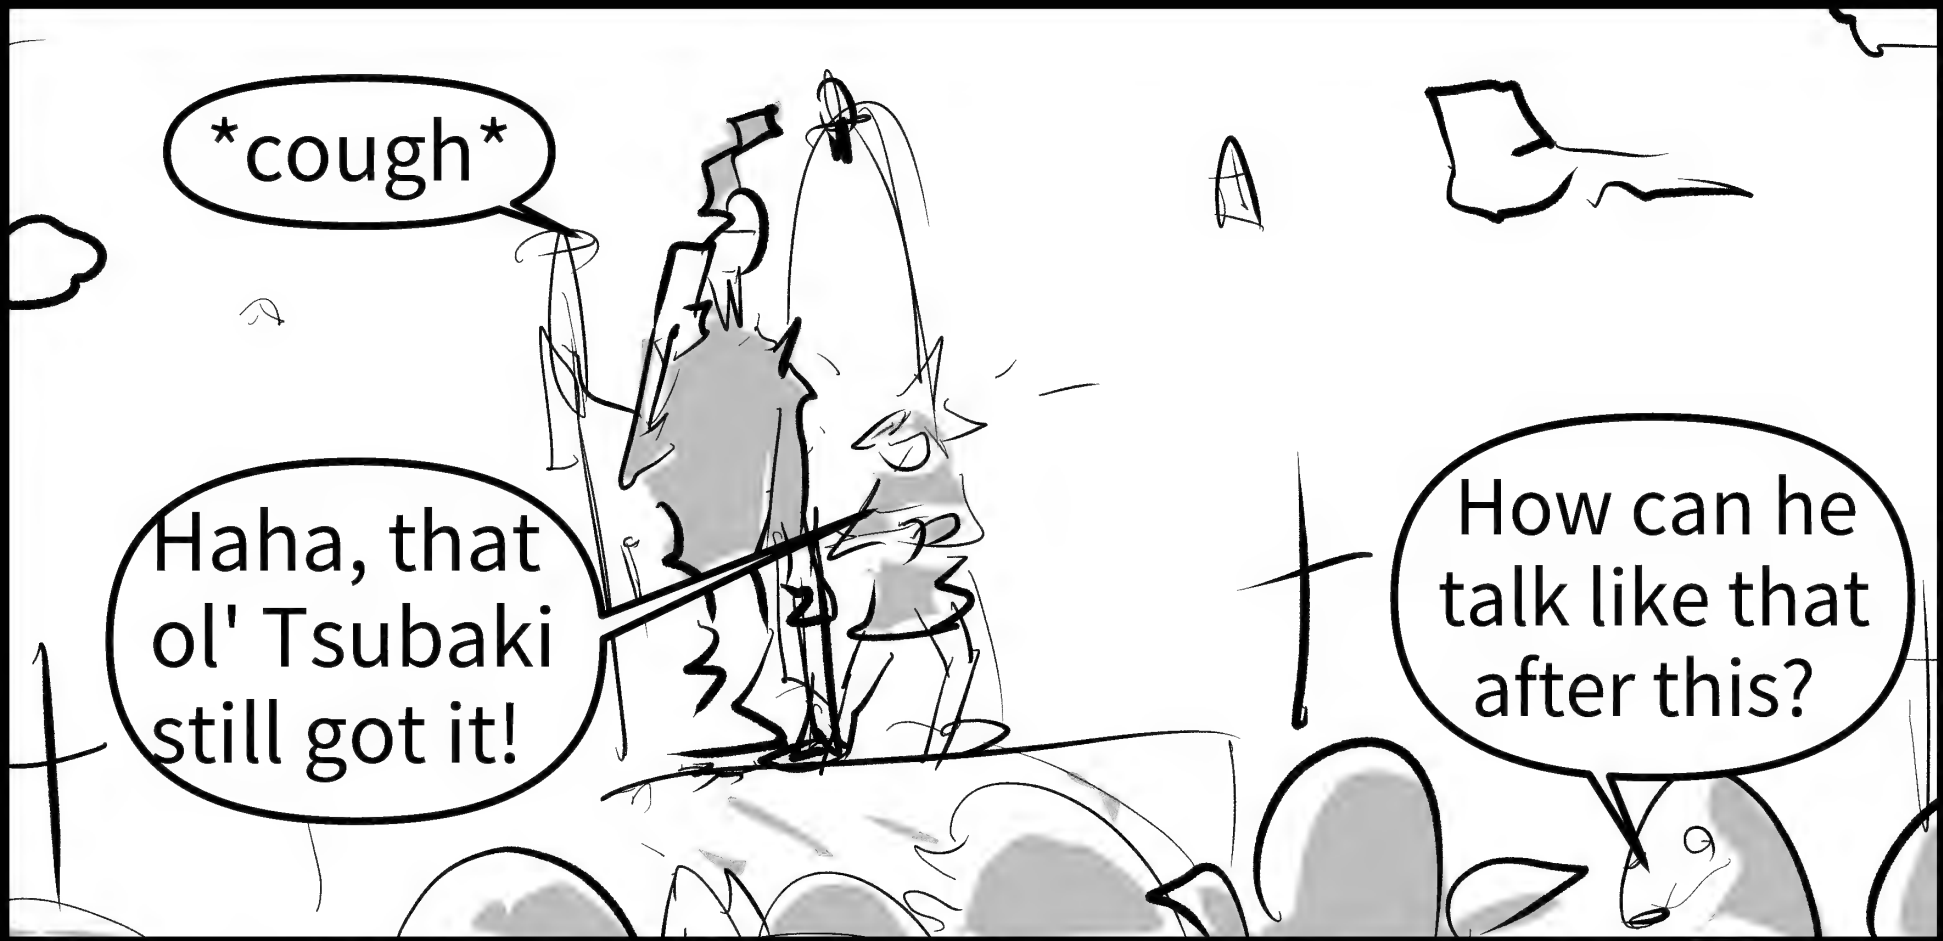

**breathing*

Aaahh...

**SMELL ME LATER,
DWMA!**

S-so you are staying?...

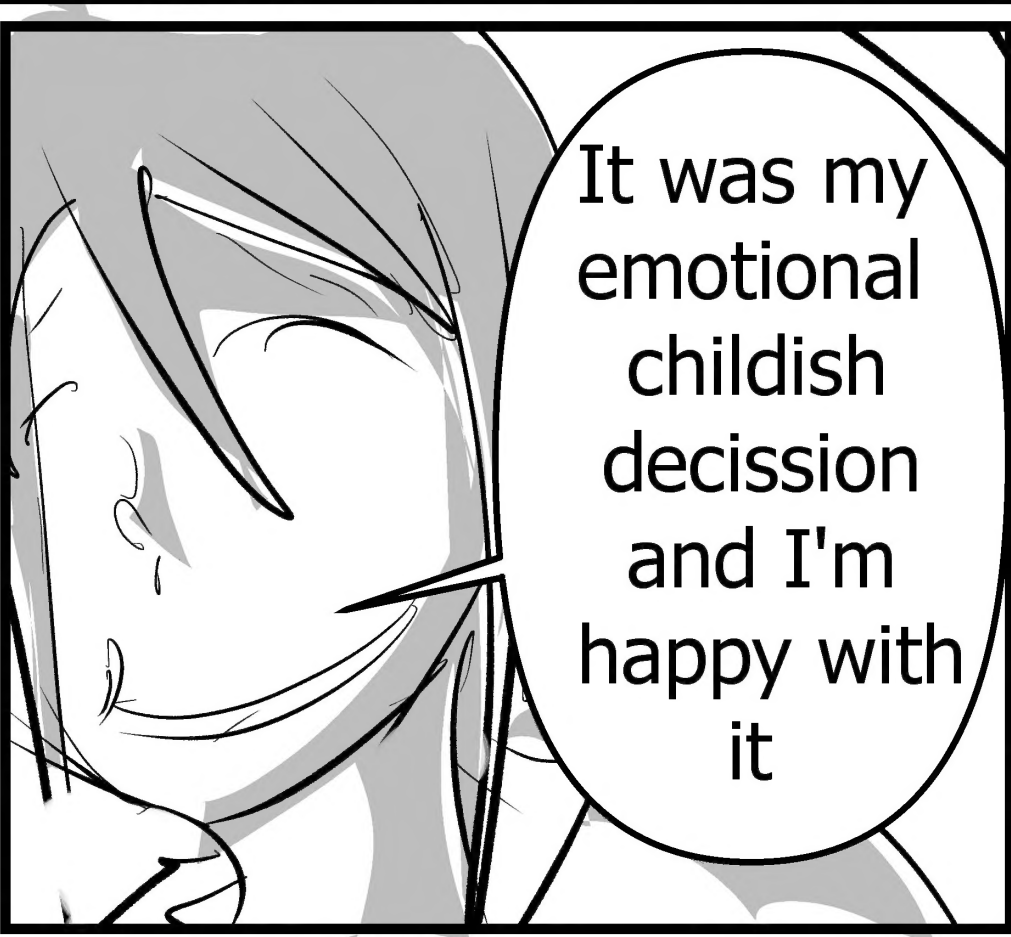

Well, I won't be a student anymore, but I can't just go back to home either

Maybe you can still take it back and play it off as performance art?

No, I appreciate it Crona but

It was my emotional childish decision and I'm happy with it

I'll just look for a job, even if parttime at first, and still will help out at missions if it comes worse to worst

Ya mean with
BlackStar?

Yes

I realised I
wasn't angry
with him

but at myself, envying the
way he could be so carefree

Well Tsubaki,
seems you got
yourself out of
school

But I see you now can
spend ya time on bigger
projects

Haha, yahoo!

Call me
toilet
face
cause
full of
in

Maybe I could market
this to 6 year olds on
youtube somehow...
